A Season of Community and Chaos

As I write this, my cat, LouLou, is scratching at the kitchen door, making it abundantly clear she wants to join me in the warmest part of the house. I'm draped over the range cooker, soaking up its radiant heat while waiting for the kettle to boil. Where on earth did I put those teabags I bought yesterday? After a moment of mental retracing, I remember—I left them in the Co-op bag on the passenger seat of my car.

And here we are at the close of another year—a consequential one, full of big changes in government and unsettling world events. But amidst the upheaval, our communities endure. They're like a good Christmas pudding: dense, occasionally nutty, and held together by who-knows-what!

We grumble about our neighbors (not me, of course), tut-tut at poor parking, or wonder about the source of a particularly suspect patch of dog mess. Yet we'll lend a lawnmower, offer a cup of tea, or give a lift without hesitation.

Community isn't always straightforward; it's like assembling flat-pack furniture with someone else reading the instructions—muttering, confusion, and the odd whack with a spanner. But when it works, it's glorious and deeply satisfying.

This Christmas, let's embrace the delightful mess of it all. Say hello. Offer a hand. Ask for help if you need it. And laugh—because the quirks that make our corner of Yorkshire so unique are worth celebrating.

Wishing you peace, puddings, and the occasional lovely surprise.

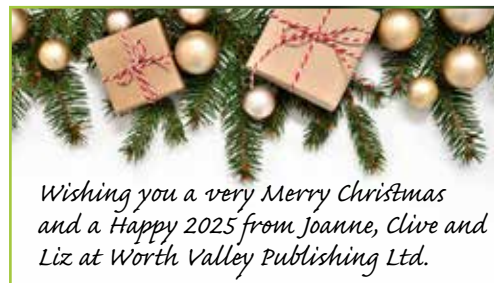

Yours in festive disarray, Liz
Liz Barker, Editor

With a sigh, I trudge outside, retrieve the bag, and return to the house just as the kettle begins to whistle like a drill sergeant. Sliding it off the boiling plate to silence it, I fill the tea caddy and, a few moments later, am seated at the kitchen table, hands wrapped around a deeply soothing, aromatic cuppa. LouLou nudges my side, demanding attention, and soon curls into a contented ball beside me as I pat her head. It's a perfect moment of calm.

But the magazines won't send themselves to the printer. It's Monday, and I'm on deadline.

Such is life, isn't it? A tapestry of slightly annoying, comforting, puzzling, and oddly satisfying moments. It's the trivial things—the misplaced teabags, the whistling kettle—that fill our days, punctuated by larger events on the lane, in the village, or further afield. These days, with smartphones feeding us a constant stream of updates, it's hard to separate the real from the imagined.

Wishing you a very Merry Christmas and a Happy 2025 from Joanne, Clive and Liz at Worth Valley Publishing Ltd.

Celebrate the holiday season

Join us for our complimentary Christmas event with local craft stalls, a talented choir, and warm and cosy refreshments including mince pies and mulled wine.

It must be acceptable now to wish everyone a very Merry Christmas and Happy New Year... or at least it will be acceptable very soon! For us, planning for Christmas starts pretty much as soon as Santa and his elves leave on Christmas Eve after running our sell-out Elf Explorer services. We start getting ticket requests in January, and the preparation for welcoming Santa back starts nearly 12 months before the service runs. Making sure we can book the big man and his helpers, as well as assist his team in making all the gifts for our passengers, getting the locomotives and carriages ready for all the special trains takes months and months of planning... it is all worth it when we see the smiling faces receiving their gifts. This year, we also have other festive services, with the "A Christmas Carol" theatrical experiences on select dates over the festive period so please do check the website for full details.

Of course, it's not all about Christmas. We have to plan for next year because we run trains all year round, every weekend throughout the year, and on select weekdays. Volunteers are already planning the civil maintenance, rolling stock, and locomotive work necessary to keep the wheels turning on a railway well over 150 years old. This means that we always like to welcome new members to our teams

of nearly 800 volunteers. We have roles across the Railway, including operating, engineering and business administration. We have opportunities in the Stations department for 16 years and over and other roles suitable for 18 and 21 and above. We also have a Young Person's Group for volunteers aged between 13 and 16. One graduate of that group is Ollie Harrison, who is now a Railway director. His achievement was recognised as a guest of honour at an event hosted at the House of Lords by the Heritage Railway Association and All Party Parliamentary Group for heritage railways, having been awarded the Lord Faulkner Young Volunteer of the Year in 2023.

As you think about setting your 2025 resolutions (sorry... it is that time once again), I hope you consider making one of them join our volunteering family. In the meantime, I will once again thank you for all your support during a very challenging year for the Railway, and hope we can welcome you on board again soon.

My very best festive wishes to you all.

~ **Matt Stroh**

Robbie's return to Parliament

First of all, can say how unbelievably grateful I am to everyone who placed their trust in me for a second time during the recent general election. It really was an odds-defying night and I've learnt to take absolutely nothing for granted! My commitment to everyone, no matter how you voted, is to work tirelessly with continued energy and enthusiasm in the years ahead to make sure our voices are heard down in Westminster.

And what an incredibly busy first few months it has been back representing you.

There's a lot to celebrate so far locally. The rebuild of Airedale Hospital is progressing as planned, and after lobbying Health Secretary Wes Streeting, I have secured assurances from the Government that they will no longer seek delays to the project under the New Hospital Programme review.

Investment in our area is also coming to fruition too. After I wrote to the Deputy Prime Minister and Chancellor it has also been excellent to confirm that Levelling-Up money for Keighley and the Worth Valley will be going ahead in full. This means more investment for the Keighley Worth Valley Railway, such as Bridge 27 which is now complete, as well as a new Robotics Hub, funding to combat crime, and money to invest in our high streets.

We saw in September the Government remove the Winter Fuel Payment for most pensioners which strips up to £300 from over 64,000 people across the Bradford District. Whilst I voted against these changes, they have unfortunately not been able to be stopped. I'd like to urge any pensioners who haven't done so already to double check if they are eligible for Pension Credit, which can provide much needed support during the cold months ahead. If you need assistance, then please don't hesitate to contact me.

You may also have seen my work as the Shadow Farming Minister, Changes in the budget are having a huge impact on our farmers. I met with local farmers in November - all of them multi-generational businesses, with children and grandchildren who are keen to stay in farming. Our local farmers aren't multi-millionaires—they're the backbone of our rural economy, and I'll continue to be leading the fight in Parliament to support them.

Looking ahead there is much to do in the New Year. The Levelling-Up projects in the pipeline need to be delivered as quickly as possible. Our farmers will continue to need all our support as the fight to save their livelihoods. And on Walshaw Moor we must be prepared to stand against the proposed Wind Farm, right in the heart of Brontë Country. On all these issues I look forward to working closely with local campaigners and community champions. I am convinced that our area remains a place of hope and opportunity and there is so much more to celebrate on the horizon. And as your MP, I'm going to be continuing to put local issues at the forefront of everything I do.

Merry Christmas and Happy New Year!

Denture Problems Look no further...

Who are we?

**Our Keighley
Denture Expert is
Matthew Varley
(Dip CDT RCS)**

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental Institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

**Everybody has
the right to smile!**

**Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?**

With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.

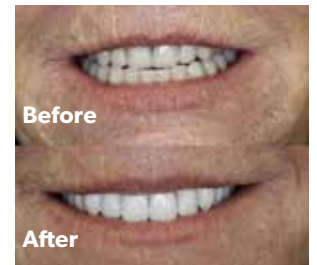

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back,
I never imagined I could smile like this.
Thank you My Denture Clinic"*

BEHIND THE SCENES AT THE MUSEUM

The end of one year and the start of another signals something exciting here at the Museum – our conservation period. Every January, the incredible objects in our collection enjoy an early spring clean! These items are important to both our local history and for telling the story of English Literature on a global scale. It's important to make sure every object remains in the best condition possible, so we take out, unwrap, and carefully examine each one. Curator Sarah Laycock explains how it works: "The conservation period is the busiest time of year for the Curatorial team. We redisplay all the exhibition cases with different objects each year, cleaning the whole house and storerooms from top to bottom, inspecting every object in the collection to check for any signs of deterioration."

Not only is this process important, it's also a special opportunity to see all our collection items up close. Everyone at the Museum is passionate about the Brontë story – so being able to handle the items that were important to the family is a real treat for many of our staff and volunteers. As Development Officer and Visitor Experience Assistant Elysia Brown says, "The conservation period is particularly

Iconic items from the collection include clothes worn by the Brontë family, like this going-away dress of Charlotte's.

exciting, as this is when we get closest to the Brontës through caring for their most personal items. I'm able to bring my love for literature into the physical world, by looking after the home in which so many of my favourite works were written!"

During conservation period, we're closed to the public from Monday to Friday, while our wonderful Visitor Experience team arms themselves with brushes and cloths to start the process of cleaning the house and going through our collection items one by one.

It's at this time that we take out the objects the Museum is most famous for – such as the 'little books' written by the Brontë children, the sisters' writing desks, items of clothing, and much more. We can't display everything in our collection at once, so many of these items are carefully

stored away again after conservation. We'll still be open at the weekends in January, so do come on over to the Museum – and remember, local residents enjoy concessionary prices and children 11 and under go free.

Keep an eye on our website (bronte.org.uk) and social media channels for news of our exciting 2025 special exhibition coming in February!

Christmas Trimmings

Good homemade accompaniments to the Christmas meal, such as stuffing and bread sauce really make the difference on the day and are not difficult. Most of the prep can be done the day before. When it comes to the breadcrumbs, I just buy packs of panko breadcrumbs which are easily available in most supermarkets these days rather than make my own.

Herb and butter stuffing

Ingredients: (makes enough for a 12lb turkey)

- 250g unsalted butter
- 1 large onion, finely chopped
- 250g Panko or white breadcrumbs
- 2 large lemons
- 8 tablespoons finely chopped fresh parsley
- 2 tablespoons of finely chopped fresh herbs (i.e. thyme, oregano, rosemary or sage)
- 3 large eggs, beaten
- Salt
- Freshly ground black pepper

Method

Melt the butter in a large sauté pan over a medium heat, tip in your onion and gently soften for 10 minutes, stirring occasionally so the onions don't colour. Once soft, set to one side to cool a little whilst you zest and juice your lemons. Take a large bowl and lob in your

breadcrumbs, first followed by the onions, lemon zest, parsley, herbs, salt and pepper. Give everything a good old mix then add the eggs and lemon juice and give it another mix, check for seasoning, be generous! This can be made a day ahead, covered and refrigerated. If you're going to stuff your turkey though, make sure both your stuffing is up to room temperature before using and be careful not to over fill as it expands during cooking. If cooking separately, place in a suitably sized buttered baking dish and cook for 40-50 minutes at 180C.

Bread sauce

Ingredients: (makes enough for 6, double quantities if you have more guests)

- 500ml whole milk (not skimmed or semi)
- 1 medium onion, finely chopped
- 2 dried bay leaves, crumbled
- 2 sprigs of thyme
- 8 cloves
- 12 or so whole black peppercorns
- 100g unsalted butter
- Salt
- 50ml double cream
- Ground white pepper
- 120g panko or white breadcrumbs

Method

This first stage can be done on Christmas Eve. Put the milk in a pan with the onion, bay leaves, cloves, peppercorns, butter and a good pinch of salt, heat until almost simmering and hold at this temperature for 5 minutes. Turn off the heat, cover and leave to cool. If doing this the day before, once cool, strain into an airtight container and refrigerate, discard the solids. About half an hour before you plan to serve, strain into a clean pan and heat through, adding a few pinches of white pepper and the cream. Heat until hot but not boiling then add the breadcrumbs a heaped tablespoon at a time. Give it a good old stir with a wooden spoon and wait for 30 seconds or so between adding each batch of breadcrumbs. Repeat this until your sauce is to your desired thickness and consistency. Transfer into a warm serving bowl, cover with foil and keep warm until serving.

Our customers choose us to fit their loft ladders, because we offer:

- A FREE home visit
- Fully guaranteed
- A FREE written quotation
- A large selection of ladders

Call now! Freephone 0800 612 8359
www.yorkshireloftladders.co.uk

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
