Christmas cakes and mince pies are the aromas one associates with this time of year: cinnamon, pumpkin spice, gingerbread, candied peel, brandy; it is a heady mix that evokes memories. As a New Englander, I would add the scent of peppermint and pine trees to the list. I suppose it depends on where you grew up and your cultural perspective, but scent is a powerful reminder of collective identity. Enjoy these pages and notice the festive sights, sounds, and sensations that are to be experienced around us. Wreath making workshops at East Riddlesden Hall, a family trip to Woodbank's Santa Land, a woodland walk at Bolton Abbey, a Christmas shopping excursion to Small's in Keighley, or a mooch around the independent and quirky shops of Haworth are just some of our options. Aren't we lucky? As ever, enjoy this month and make the most of it!

Sewing Success in Keighley

Less than three years from setting up the popular Sewing Days Cafe in Oakworth, Joanne & Geoff Nalson have expanded their scope, and will focus on the specialist sewing, craft and tuition aspects of their business. "We basically grew out of the space in Oakworth and when the premises became available in Keighley, we jumped on the opportunity," explained Joanne. "The cafe will be in the hands of our very capable chef, but all of our fabrics, haberdashery and sewing related activities will now take place in Keighley at Sewing Days Fabrics on Church Street."

A few Thursday evening sewing lesson slots are available (6-9pm alternate weeks) or bespoke one to

one classes can be arranged for day time tuition with Joanne.

You can find more information on Facebook or contact Joanne directly on 07927 071537.

Choosing the Perfect Gift

By Small's Showroom

It's slowly creeping up on us, 'The most wonderful time of the year.' For some, it can be the most difficult time of the year. Let's face it, for many, it is the most stressful time of the year.

Whether you love it or loathe it, you have to admit that the run up to Christmas is usually challenging.

As a purveyor of gifts we can confirm that an awful lot of time and money goes into planning and making this time of year MAGICAL! We do our best to take the stress

out of Christmas; from the moment you step inside our showroom, we aim to make it a pleasant and all around enjoyable experience.

When it comes to choosing the perfect gift, the one piece of advice we try to impart to our customers is, "Keep it Simple."

Consider a gift as a communication. When you give a present to someone, what you are actually doing is speaking to them. This may seem obvious but somehow we forget it when we go to choose a present. Ask yourself first, "What do I want to say to this person? What sentiment do I want to convey?" Then move on to, "What can I give them that will communicate this?"

Some of the best gifts are the ones that are also very useful. Our most popular choices for ladies are scented candles, lotions & potions, cosy scarves, stationery; and it is hard to go wrong with a fabulous new leather bag.

Our Personal Shoppers have a good eye for gent's gifts too. We have a great selection of fine writing instruments, wallets, briefcases and fun, novelty games and gifts.

Our range will suit any budget. The perfect gift doesn't have to cost the earth. Sometimes a humorous, fun trinket will do the trick.

Finally, a great Christmas gift is always meticulously presented; that is why we have wonderful gift wrapping accessories and **our Personal Shoppers will wrap your gifts for you. (There is no excuse for shoddy presentation. Don't fall at this last hurdle!)**

At Small's, we like to think we take the hard work out of Christmas. Visit our showroom on North St and let our friendly team help you choose, wrap and enjoy the act of giving.

- 1. Keep it simple.**
- 2. Consider what**

you are trying to communicate.

3. Useful luxuries are always appreciated.

4. Keep within your budget.

5. Pay attention to presentation; wrap it well!

This month you can relax and enjoy a complementary speciality hot drink while we wrap your gifts. Please bring this token with you and let us help make this Christmas the most enjoyable one yet.

Nathan's Favourite Pumpkin Tart

Share your family favourite recipe with us!
 Email mail@worthvalleymag.co.uk.
 You never know, you might be our next Worth
 and Aire Valley Family Favourite recipe guest!

OUR FAMILY FAVOURITES

Over the next few months we will be featuring recipes from our friends and neighbours in the beautiful Worth and Aire Valleys. We would like to learn more about the people who live here and the things they love to cook for family and friends. Our first recipe comes from Nathan Downing. Nathan was born and bred in Haworth. He's a plasterer by day and a talented cook and musician by night.

Nathan's Favourite Pumpkin Tart

This is a delicious way to use up the flesh from carved Halloween pumpkins. The tart can be served either warm or cold. For Nathan, it is perfect when served warm with ice cream!

Ingredients

- 1 Pack ready rolled shortcrust pastry
- 450g pumpkin cut into small chunks
- 100g soft brown sugar
- Pinch of salt
- ½ tsp each of cinnamon, ginger and nutmeg
- 1 tablespoon honey
- 3 eggs, beaten
- Grated zest of 1 lemon and juice of ½
- Grated zest of 1 orange and juice of ½

Method

Remove pastry from the fridge an hour before start. Grease and dust with icing sugar a 20cm flan tin. Line the tin with pastry, leaving some excess over the edge to prevent shrinking. Place the lined tin in the fridge for 30 minutes. Preheat the oven to 180C / gas mark 4. Prick all over the bottom of the tart with a fork, cover with greaseproof paper and weigh down with rice or baking beans. Bake the pastry case blind for 20-25 minutes, remove from the oven and let it cool slightly. Carefully trim off the excess pastry from around the edge of the flan case and remove the baking beans and paper. To make the filling, steam the pumpkin for around 15 minutes, until very tender. Press down on the cooked pumpkin to remove the excess liquid. Allow the pumpkin to cool then place in a blender with all the other ingredients except the eggs and puree until smooth. Add the eggs and blend again. Pour the mixture into the pastry case and bake for 55 minutes or until a skewer comes out from the centre clean. Allow to cool in the tin. Remove from tin and dust with icing sugar. Enjoy!

It's literally been 'all hands to the pumps' over the past few weeks at the Keighley and Worth Valley Railway as we have hosted our annual Beer & Music Festival, during which our volunteers were kept busy serving thirsty visitors from a choice of over 150 beers, ciders and gins. As well as the hundreds of volunteers needed to run the event, there are countless hours spent setting up and the same putting the Railway back to normal after the last of the many pints has been sipped. This level of commitment and enthusiasm is typical of our volunteers, who as well as hosting the Festival have recently completed a significant engineering project on the embankment near Mytholmes Tunnel and are in the final stages of planning for a bridge replacement in the Spring, as we work to maintain the 150+ year old infrastructure. This work is vital to keep the trains running for many generations to come, as is the effort needed to overhaul and care for the Railway's fleet of steam locomotives and carriages. As you look out of the windows of our heritage trains, you pass through the beautifully-restored stations, which take on a whole new charm as the gas lighting illuminates the dark

evenings and the roaring fire in the booking hall keeps out the winter chill.

It is nearly time to welcome Father Christmas as he joins us on board our Santa Specials, which run weekends from November 30th to December 22nd plus Christmas Eve. Tickets continue to sell fast, so please do book soon if you wish to travel from a particular station, because many services are already nearly full. Travelling with Santa and his Pixies is always a great family favourite, with the decorated trains, Winter Wonderland at Oxenhope and gift from Santa all adding to the great atmosphere.

With so much going on, I do hope that you will consider making a nearly-new year's resolution to join us board as a volunteer. We provide full training for the wide range of roles that are required to keep the wheels turning. You can help front-of-house on the stations or on the trains, as well as behind-the-scenes on civil and mechanical engineering, and in the myriad of roles that are necessary to keep the wheels turning. Full details of how to join as our volunteering team, as well as how to book the Santa Specials are on the website.

BEHIND THE SCENES AT THE MUSEUM

The 'little books'.... and one in particular

The little books made by the Brontës when they were children are some of the most treasured items in the Museum's collection. They document a whole imaginary world created by the Brontës in childhood, which was sparked when Patrick gifted a set of toy soldiers to Branwell. The tiny manuscripts, just the size of a matchbox, were intended to be small enough for the toy soldiers to read, but their size also meant that their contents could be kept secret from the watchful eyes of Patrick and Aunt Branwell. The books were inspired by Blackwood's magazine, which was read avidly by all the Brontë family. Each tiny manuscript includes a mix of prose and poetry, some of it clearly influenced by Byron whose work was enjoyed by the young Brontës. Some of the little books also contain reviews and advertisements.

The Brontë Society is currently fundraising for a little book that will be auctioned in Paris on 18 November. It was created by Charlotte Brontë when she was just fourteen years old and is one in a sequence of six of which the Brontë Parsonage Museum already has four. Together they chart Charlotte Brontë's development as a writer and reveal how many of her

early themes carry over into her published novels. Dated 19 August 1830, this particular manuscript, which has never been published, recounts how a murderer is driven to madness after being haunted by his victims, and how 'an immense fire' burning in his head causes his bed curtains to set alight, prefiguring the well-known scene in Jane Eyre, in which Rochester's insane wife sets light to his bed curtains. If you've never visited the Museum and seen one of these little books for yourself, we urge you to do so. These rare and precious manuscripts are among the most popular of exhibits with visitors and never fail to enchant.

Some readers may recall that this little book first came to light in 2011 when it was auctioned at Sotheby's in London. Despite a successful fundraising campaign, the Society was outbid by a private organisation: heart-breaking for all our staff. We've now got another chance to bring it home to Haworth for future generations to enjoy - the perfect Christmas present for all of us.

If you can help in any way, please get in touch at fundraising@bronte.org.uk or visit www.bronte.org.uk/support-us/donate. Thank you for your support.

Transform your conservatory into a cosy living space

Millions of homes across the UK enjoy the added luxury of a conservatory, whether it's for entertaining, extra living space or simply enjoying the views of the garden. But older conservatories can come with drawbacks – more often than not they are too cold in the winter and too warm in the summer, meaning they are underused. But now that's all changing. UltraRoof380 is helping transform conservatories into beautiful, elegant spaces, complete with vaulted ceilings and full-length glass panels to let the light flood in. The roof has been developed specifically for owners wanting to reinvent a conservatory and turn it into a room that feels more like an extension. While conservatories bring in plenty of natural daylight, the UltraRoof380 provides the best of both worlds, allowing

“ It's given us back our favourite room of the house, now it's the room we've always wanted it to be. ”

Gary & Pam, Lancashire

Before After

you to design a room with a solid roof but also the ability to include glazed sections, giving you privacy yet still providing plenty of daylight. Developed using UltraTile, the lightweight tile system is as near to the real thing as you can get. Available in three realistic tile colours, the UltraRoof380 looks as good on the outside as the inside. There's also zero upheaval. Expert fitters from Ploughcroft will have your old roof removed and your UltraRoof380 installed in no time—all you need to do is sit back and watch your transformation.

So, if you want to revitalise your existing conservatory or add to your living space, call 01422 202 919 for more information or visit www.ploughcroft.co.uk

YORKSHIRE
LOFT LADDERS

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
