Worth Enterprise Park, Valley Road, Keighley

April is here and it feels like we have 'turned the corner' as British Summertime ushers in brighter days. I also understand that it is perfectly possible to get caught out with a whiplash of wintry weather at this time of year. But at least the daffodils and crocuses have burst through to bring us hope and courage.

Trains and Transportaion are recurring themes in this month's magazine. You'll find a 'heads up' on the Keighley 'In Motion' Transport Festival that is scheduled in June. Learn more about it on pp16 & 17 and be sure to save the dates. (June 2nd & 3rd) April 9th~24th, the Keighley and Worth Valley Railway run their Easter Express trains. More fun in motion!

We also celebrate the work of volunteers in the community with a spotlight on the work of the Aire River Trust and Action Point in Keighley, amongst others. Have a great month. Liz

Liz Barker, Editor

# Ashmount HOUSE

## Meet our Chefs

**TAZIES COLLINSON**  
*Head Chef*

#### About Me:

- Trained by my family owned Chester restaurant
- Former Chef Director of 7 McFarlane's
- Chief Partner at Michelin's award restaurant
- Ashmount's dining & events specialist

**LINDY REEVES**  
*Pastry Chef*

#### About Me:

- Qualified chef since the age of 16
- 17 years working & teaching students in catering college
- Worked with the Royal Household at Royal Ascot
- Queen of Afternoon Tea at Ashmount

## Our Shortbread Recipe

**PREP:** 10 minutes **COOK:** 15 minutes

### INGREDIENTS

600gm plain flour  
400gm butter  
300gm caster sugar

### DIRECTIONS

- Mix sugar in with flour then rub in half of the butter setting aside the other half.
- When mixture resembles breadcrumbs melt the remaining butter & mix into the breadcrumbs & squeeze together until it forms a dough.
- Roll out to a thickness of a pound coin & cut with desired cookie cutter.
- Bake at 190c / Gas Mark 5 For 15 minutes, remove from oven & sprinkle with caster sugar while still hot.
- Lemon or orange zest, chocolate chips, sultanas, or dried cranberries can be added at the breadcrumb stage for extra flavour.

# Treacle®

~ Helen O'Connell

In this month's Treacle page I want to shine a huge spot light on all the amazing volunteers in our community. Chances are you have come across them and maybe not stopped to appreciate what a profound difference they make in our villages and towns.

**SHOUT OUT TO ALL COMMUNITY VOLUNTEERS**

Volunteering has been shown to help you gain a sense of purpose, become happier, boost your self-esteem, improve job prospects and even increase your brain functioning. Let's be honest, who doesn't want that?

**Action Point** and many of the other local organisations looking for volunteers can be found in the Find Friends section of **treacle.me**.

Open your smartphone camera. Move your camera so the QR code below is in the frame. The QR code's URL (Uniform Resource Locator, or web address) will appear. Click through the URL to download the Treacle APP

Android

Apple

From food banks and scout groups, to parks, churches and schools. These people walk among us. Each doing their own little bit to make this world a better place.

At a time when the news is full of dread and disaster, maybe switching off and instead looking at ways you can help make a small difference in your own world, could be the answer to reducing anxiety and feeling better. Instead of focusing on the things out of your control maybe looking at what you can do to help the world around you could be the answer.

Almost all the organisations listed on Treacle.me are reliant on volunteers in some way. Many of them would be delighted of an offer of help. If you would like to make a start but are not sure how, then **Action Point in Keighley** is a great place to look. They have charities who need help with jobs such as driving, selling on eBay, being a "gig buddy", using creative skills or helping out in museums. There are so many opportunities for you to give something to your community. **The best kept secret is this, you will often get far more out of these roles than you put in.**

## BEHIND THE SCENES AT THE MUSEUM

### Jocelyn Horner, sculptor of The Brontë Sisters

One very recognisable sight at the Brontë Parsonage Museum is the bronze statue of the three sisters which stands in the flowerbed in the courtyard at the rear of the Parsonage. For many visitors, their first glimpse of it is when they pause halfway up the Parsonage stairs. Looking out of the window, they point at the statue and more often than not, they ask if it is possible to access the courtyard to take a photo and a closer look.

Jocelyn Horner was born in 1902 in Halifax, West Yorkshire. Her father was one of two sons of Charles Horner, a Halifax jeweller. In 1920, Jocelyn entered Leeds School of Art where two of her fellow pupils were Barbara Hepworth and Henry Moore. She would remain friends with the latter all her life.

During World War II, Jocelyn undertook

Red Cross work and then trained as a welfare worker for the blind. She became extremely passionate about this work and created a sculpture entitled Head of a Blind Man, which is held at the London headquarters of the Royal National Institute of Blind People. Jocelyn was proactive in other welfare work including with the Halifax branch of the Royal Society for the Prevention of Cruelty to Animals. She was also a member of Halifax Parish Church (Halifax Minster), and worked as a teacher where she passed on her knowledge and encouragement to many students.

The commission from the Brontë Society came in 1950. The sculpture was originally intended to be placed in Haworth Church close to the Brontë family vault, but the Church Council did not approve the statue being placed in that particular location.

The Brontë Society was thrilled with the completed work and while a location for it was being decided, the sculpture was kept at Leeds City Art Gallery where, on Tuesday 24 July 1951, it was unveiled in the presence of 120 members of the Brontë Society.

The Brontë Sisters statue earned Jocelyn the Leeds Gold Medal under the annual award for work by artists born of Yorkshire parents. Jocelyn was a Yorkshire woman through and through and she was proud of it. Apart from a time spent residing with her mother in Oxfordshire, she lived most of her life in Halifax. Just like the sisters she so admired, she strived to make a place for herself in a profession which, at the time, would have been very male-dominated. Jocelyn Horner died on 13 January 1973; there is a blue plaque on the Halifax house where she lived for the majority of her life.

## Marsh Top: Rural life on the farm

It has been a busy winter for us at Marsh Top Farm and as Spring has sprung it doesn't slow down.

On our farm we have a beautiful herd of Boer Goats and this year have had 8 kids, 6 boys and 2 girls. You may have been lucky enough to see one of favourite kids, Norman...not that we pick favourites! We still have one of our nanny goats left to kid, little Toffee who should be due any day now. In the summer months you will be able to see our beautiful herd in the field near our garden area.

As you may know during the winter months it is important we keep our cattle in our farm buildings, as the land gets very wet living on marsh land. It is coming up to the time of year where we will be turning out the cattle onto the Worth Valley, when the land is nice and dry.

You may also have seen on our Facebook we have had our first calf of 2022, he is a Heriford cross Highland and his name is Steve. We are expecting another 10 – 12 calves this year in the spring which you will be able to see out in the fields in summer. As the lighter nights are coming, keep an eye out on our Facebook page for the change to our opening hours. We stay open an hour

later when it gets lighter, which means you have extra time to pick up your groceries for the week.

Our speciality at Marsh Top Farm is home reared free range pork and grass fed beef. (Our bonny pigs are featured on the cover this month). We pride ourselves on providing a great happy life for our livestock and part of that is our cattle getting to enjoy a grass enriched diet. There are so many benefits to this for us, rotating the cattle through different pastures through the Worth Valley means we are able to improve soil fertility as well as preserving the native ecosystem of the land. For us that eat grass fed beef their are also health benefits; grass fed beef contains as much as three times more Omega-3, rich in Vitamin A and E, which help strengthen the immune system and maintain healthy skin and eyes. Vitamin E is actually four times higher in grass fed meat than grain fed.

We are also happy to announce that we have started a new market, the Real Food Harrogate market. Run by volunteers, the market is held on Crescent Gardens on the third Sunday of every Month (unless specified) at 10am till 3pm. We hope to see you there.

# Keighley **IN MOTION** 2022

After three years of planning and two postponements due to Lockdowns, the KEIGHLEY IN MOTION Transport Festival will go ahead on Thursday 2nd and Friday 3rd June 2022, these being the two Bank Holidays of HM Queen's Platinum Anniversary Weekend.

"This is probably the biggest transport event we have ever staged in Keighley" said Festival Co-ordinator Graham Mitchell. "And it involves a range of voluntary and public sector organisations;

two model railway clubs, Craven Old Wheels, the local history society, Keighley & Worth Valley Railway, Cliffe Castle Museum; Keighley Bus Museum Trust, Leeds & Liverpool Canal Society, the Museum of Rail Travel, Bahamas Locomotive Society, Renaissance Motorcycle Workshop, the Lion's Den (Men's Shed) and lots of independent car and bus and horse owners; all with the financial support of Keighley Town Council and Bradford Metropolitan District Council."

The Festival will be a gigantic free-to-the-public showcase of water, road and rail transport through the ages, including vintage and veteran cars, Dragon Boats and horse-drawn wagons in Cliffe Castle Park; Renaissance Motorcycles in the Airedale Centre; working short boat Kennet on the canal at Stockbridge Wharf (Granby Lane), K&WVR steam & diesel trains at Keighley Station and Rail Story Ingrow; working model railways and 'Ten Travel Tales of Keighley' in the Civic Centre; and a display of 'tracklesses' (trolleybuses) & motorbuses from 1913 to modern times outside Keighley College. There will also be Brass Bands, Street Theatre and Food Stalls at several sites.

No entry charge will be made at any of the Festival Sites and a free-to-users 15 mins-frequency free bus service will be provided by The Keighley Bus Company from 10.00 am to 5.00 pm each day to connect the six Festival locations around the Town.

"Apart from the heritage cars at Cliffe Castle Park, we would like this to be a car-free Festival" said Graham "So we are asking Car Owners NOT to drive to the Festival Sites, but to use the FREE PARKING at the Airedale Centre multi-story car park, or the Council car park on Scott Street, and then to board the free buses from Keighley Bus Station or from outside Wetherspoons. This free bus service will also pick up and set down at any marked bus stop on the circular route."

2022 also marks 90 years since the motorbuses of Keighley-West Yorkshire Services replaced Keighley Corporation 'tracklesses' (trolleybuses). So amongst the vehicles representing the anniversary will be:-

- **A replica of a 1913 Cedex Stoll single deck 'trackless' which used to run from Ingrow Bridge to Cross Roads.**
- **The 1924 Straker Clough double deck 'trackless' which used to run from Ingrow Bridge to Utley and Stockbridge.**
- **The restored 1927 Blythe & Berwick Leyland Lion motorbus used in the TV Series "All Creatures Great & Small".**
- **The only remaining 1932 Keighley-West Yorkshire Leyland Titan double deck motorbus.**

These four vehicles, appearing together for the first time, will be on display on the Keighley College car park.

WORTH VALLEY

## KEIGHLEY & WORTH VALLEY RAILWAY

I know that I've talked before on these pages about the challenges of running a 150+ year old railway because we have an elderly infrastructure that needs regular maintenance and renewal, and a fleet of vintage steam and diesel locomotives that haul equally historic carriages. With steam locomotives in the operational fleet that are over 100 years old, the scale of our challenge is I hope clear.

The interruptions to our engineering and maintenance plans caused by the lockdowns and restrictions over the last couple of years have not helped, but our volunteers have been working very hard to clear the backlog, and we have just completed another week where we focus on civil maintenance projects to take us a step closer to being back on track, which is testimony to their effort and commitment.

Raising funds to help pay for the maintenance is always difficult, so it was especially welcome when over 3,000 people visited us during our recent Steam Gala, and we were also very busy during the Haworth Witches and Wizards event. It makes all the hard work worthwhile when you see passengers enjoying their journey back in time with us, and was especially

rewarding to welcome so many steam enthusiasts sharing our passion for steam during the Gala weekend. Of course, we cannot afford to stand still, and we are already planning our next round of engineering projects, including the prospect of what is looking like being a £0.75 million or more cost to replace the double-span bridge that crosses Bridgehouse Beck just outside Haworth Station, and which connects the locomotive yard to the mainline.

As well as the behind-the-scenes work, we are continuing to train new volunteers to work on the operational side of the Railway, and I've very pleased to report that we have "passed out" our first female locomotive driver, Fran, who joins her father, father-in-law and husband as a member of our driver team.

With so much to do, I hope that you will consider joining our volunteer team to help us keep those increasingly elderly wheels turning. Please do get in touch with the Railway via the links on the website or call in at a station if you are able to offer even a little time to us. In the meantime, I look forward to welcoming you aboard as a passenger!

~ **Matt Stroh**

**Conservation in action at East Riddlesden Hall**

See how our team care for the collection at East Riddlesden Hall, with special drop in conservation in action sessions. Visitors will soon be able to get closer to history at East Riddlesden Hall, with new weekly conservation sessions. It's a chance to find out about how the team at the historic manor house look after the special collections. Each week, visitors will be able to see a different conservation task in action, depending on the priorities of the house team. You might see them looking after the collection of clocks in the house, delicately cleaning some of the many ceramics, or cataloguing and recording items to check on their condition. The team also care for the paintings, furniture and textiles in the house.

When the hall was donated to the National Trust in 1934, it was completely empty. The collection currently on view to visitors of the house was created through a combination of purchases, loans and bequests, and now tells the story of those who once called this place home. Conservation in action sessions will be running most Tuesdays, depending on staff and volunteer availability. They will be drop in, and there is no need to book. East Riddlesden Hall is open to visitors Saturday – Wednesday, 10:00 – 4:00. **Conservation in action will take place on Tuesdays, 10:30am ~ Noon.** To find out more, or to find out more about volunteering with the National Trust at East Riddlesden Hall, visit: <https://www.nationaltrust.org.uk/east-riddlesden-hall>

# Local groups come together to care for the River Aire

Volunteer groups from Leeds to Skipton are gathering to give the River Aire a giant Spring clean from top to bottom during a weekend in April.

Groups including angling clubs, community groups and the environmental campaign groups are joining together with the support of local charity the **Aire Rivers Trust** to deliver a series of clean ups. These will all take place between **Thursday 7th and Sunday 10th April**.

*"The River Aire is a fantastic example of a river that is getting better and better. It is leaving behind its history of use and abuse by industry. Along the length of the river we see good quality coarse and fly fishing, beautiful wildlife and fantastic walks. We're even seeing Atlantic salmon returning to the river after they were lost 150 years ago. We know that winter will have seen a lot of litter and debris washed into the River Aire from floods and its surroundings. Here, they can increase the risk of floods, whilst making local beauty spots unsightly for visitors. We want to work together to remove them before they get washed downstream or harm wildlife,"* said Simon Watts, Community Engagement Manager for the Aire Rivers Trust.

Groups planning events near the source of the River Aire include Bradford City Angling Association, Wild About Lothersdale and Cleaner Greener Cononley. Around Keighley they'll be joined by River Worth Friends, Keighley Angling Club and Riddlesden Toad Patrol. In Bingley, Friends of Myrtle Park plan to clean the banks of the River Aire as it flows through their park.

Each group will make a huge difference to the local stretch and the whole river. **Riddlesden Toad Patrol** will be cleaning the River Aire from Stockbridge to Riddlesden Golf Club at **10am on Thursday 7th April**.

Sue Patchett from the group said *"Us toad patrollers are nature lovers and often do our own litter picks within the community as we understand the harm carelessly discarded litter can do to wildlife. Recently I found a dead hare with a plastic bag over it's head in a remote location and we were saddened to see photos of a juvenile seagull at Keighley Tarn with it's beak stuck inside a plughole. We like to do our bit to reduce the threat to wildlife and we take pride in where we live and want to see our surroundings looking their best."*

The event is a celebration of **#OurCleanRiver** as part of the Aire Rivers Trust and Environment Agency's Developing the Natural Aire project.

**Details of all events and how to join can be found on the Aire Rivers Trust's website at [www.aireriverstrust.org.uk](http://www.aireriverstrust.org.uk) and on social media using the hashtag #OurCleanRiver.**

YORKSHIRE  
LOFT LADDERS

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.

Say you saw it in the Worth Valley Mag!
