We are wrapping up the year with gratitude and looking to the festive season with anticipation and wonder. What will 2015 bring us? It will be difficult to beat the thrill and excitement of 2014 when the Tour de France came to Yorkshire...but new challenges are just around the corner!

As we prepared this double edition we added extra pages for your amusement including a word search, dingbats, and the ever popular sudoku puzzles.

Nel from Damside Mill shares her Festive Florentine recipe with us...they are ever so easy to prepare; see p6 for these jewel like treats. And when you have had enough feasting, turn to page 10 to blow the cobwebs away...choose from a 6, 10 or 16 mile walk in our beautiful Pennine countryside.

Our cover captures the magic found on Haworth Main Street. Take a stroll and see for yourself! Enjoy!

## Digi-man to the Rescue!

With 15 years experience under his belt, local man Michael Hardaker brings expertise and know-how to his aerial business. Digi-man, as Michael is better known, braves all weather, climbing roofs, ladders, sometimes installing aerials in awkward and hard to reach places. Michael specializes in satellite and TV aerial installations and is a fully qualified installer of Freeview and Freesat. Always cheerful and forever helpful, Digi-man can also troubleshoot problems, including Sky related issues. More recently, Michael added ethernet cabling solutions to his services. "Sometimes ethernet is the best way to extend the reach of digital services. I can often find ways to lay the cable from the router and connect Smart TV in additional rooms."

Christmas is round the corner...have you bought the special TV Times? Make sure you are primed and ready for seasonal viewing...and ensure your aerial and satellite is fully functioning. Phone Digi-man today to get a free quote on your aerial & satellite work; he offers OAP discounts too! 01535 646141

Since we opened our doors to the public in 2006, with just two small workbenches, we've come a very long way. We've helped thousands of customers with all sorts of computer issues; clearing up virus infections, curing wired & wireless networking problems & getting to the bottom of slow performance. We've provided one-to-one training for a pain-free transition to Windows 8 & 8.1, installed/upgraded servers & desktops and helped small businesses take advantage of the flexibility of cloud-based services.

We're not the sort of people to shout about what we do, but many of our satisfied customers told us we ought to! However small a job we're asked to do, we always agree costs before we start work. We keep customers regularly updated on progress and we make every effort to preserve customers' document files, photos, videos and music wherever possible. It's these simple, but very important things, which really make our customer service stand out.

We're very proud to say that our new diagnostic, servicing and repair facilities give us seven (7) times the capacity of our original workshop, enabling us to deliver improved turnaround times on our comprehensive range of services, all tailored to meet the ever-changing IT needs of Homes & Businesses throughout Kington, the Worth and Aired Valleys and further afield.

# Festive Florentines

A good pinch of salt  
100g good quality chocolate  
(one with orange in it is particularly good with the ginger)

## Method:

Heat your oven to gas mark 4 / 150-180. Line a baking tray with parchment paper (please do this, because they really can stick). Throw all of the fruit, nuts and flour in a bowl and mix until well coated in flour.

In a small pan, heat the butter and sugar together and allow to bubble furiously for a minute or two, but stir so they don't stick to the pan. Take off the heat, add the cream and salt, quick stir and pour on top of the fruit and nuts. Mix well so everything is coated in the toffee mix, and then put dessert spoon (or teaspoon if you want mini ones) sized dollops on the baking tray, flattening them as much as possible, and leaving space between them to spread in the oven (you might need to do them in two batches) Bake for 8-10 minutes until golden brown - they should all have changed colour, but the fruit shouldn't be too dark. At this stage, you can gently push any random edges back into a more pleasing shape.

Leave to cool on the baking tray. If they are too chewy for your taste, just reheat the oven and pop back in for a few minutes, covering the tops with parchment to stop them burning. Once completely cooled, melt the chocolate in a basin on top of a pan of hot water. Turn the Florentines over and one by one, put a dollop of chocolate on the bottom, and spread gently around the base. Now walk away from the Florentines and lick the bowl free of chocolate. **Enjoy!**

By Nel of Damside Mill [www.damsidemill.com](http://www.damsidemill.com).  
We don't make cakes but we do make exceedingly good furniture!

A Florentine is just a mixture of the most delicious things in the culinary world, chopped up, baked in a toffee and coated in chocolate. What more indulgence could you ask for over the festive season?

They are remarkably easy to make at home, and make lovely gifts, wrapped in cellophane with a sparkly ribbon.

If you have people around who, like me, can't have wheat or gluten, the amount of flour is so small that it is easily replaced with either ground almonds or gluten free flour and no-one will ever know the difference.

## You will need:

- 2 heaped tablespoons of chopped mixed peel
- 2 tablespoons chopped crystallised ginger
- 5 tablespoons of interesting dried fruits
- 2 tablespoons of pistachio kernels, roughly chopped (walnuts, hazelnuts or pecans work fine too)
- 6 tablespoons of almonds, chopped lengthways and then toasted to bring out the flavour
- 1 tablespoon plain flour
- 2 tablespoons of butter (about 50g) if possible, not the spreadable butter
- 4 tablespoons brown sugar (any type works well)
- 1 tablespoon double cream

# What Christmas Means to Me

by Nigel Wright, Vicar of Saint Mary's, Oxenhope

us the dream.

Yet I have always loved Christmas. It wasn't a church thing or a religious thing, my parents managed to raise me perfectly well without either. It wasn't money, we never had lots (but we always had plenty). I loved the lights, the decorations, the gifts, the food the drink and the parties. I still do! But there was something more...

It was the way people seemed to change, just for a while. There were feelings and emotions I couldn't describe. A little more patience and promise. Hope in a birth of a baby born poor. Laughter, excitement and sharing.

The world seemed to change, somehow, just for a while.

And now? As I see through the eyes of my children those feelings remain. There is a magic, a sparkle, a wonder.

As we gather as family and friends in our 21st century setting, those feelings and emotions (I couldn't describe) are with us again. Yes there are the hurts and the pain that all families have. The lost ones, the sick ones and the dead. Yet the peace and the joy are there if we choose it.

Through the wisdom of time I can see the faith we were raised in. It was a faith in a Christmas that means so much more. You see we need Christmas, more than it needs us! It is sacred and holy and full of delight. It is friendships, relationships, connections, and love. (Join Nigel and the parish of St. Mary's Oxenhope to celebrate this festive season. See the community pages for more details.)

**"Feigning joy and surprise at the gifts we despise over mulled wine with you" and so plays out the words from a 21st Century "Christmas Classic" by The Darkness. An ironic name from one of the few bands who have had a 21st century Christmas chart hit!**

"The Christmas song is dead!" "Christmas has no meaning anymore!" The Band Aid backlash and the countdown to Christmas reign on twitter with marketing gimmicks galore. "Christmas means company. Company means cleaning. This is my cleaning supply list..." How bad can it get?

"Bah humbug!" says Scrooge, taking us back a hundred and eighty years. And still it remains?

"Peace on earth, goodwill to all", naïve piety or the desire for a harmonious humankind where all know love, joy and prosperity? The retail advertisers certainly want to sell

## H2H - Haworth to Hebden Bridge

Top Withens (Wuthering Heights)

Three options to choose:  
two linear and one circular.  
All require a reasonable level of fitness and are not suitable for wheelchairs or pushchairs.

Hebden Bridge

### The Walk route (Linear route - using Haworth Old Road = 6 mile / 10km)

Exit the Parsonage car park down the steps, coming out onto West Lane alongside Aitches Guest House in Haworth. Turn right and follow the road downhill until you get to the Church on your right hand side, take the paved footpath to the side of the church. From Haworth churchyard to Balcony Farm, follow the path onto Penistone Hill. A marked path across here follows the high ground. The track forks; to the left to take the route using Haworth Old Road or follow the right hand track to use the Pennine Way.

### Haworth Old Road route (Linear route - using Pennine Way = 10 mile / 16km)

#### (Haworth to Hebden Bridge)

A short moor side section and a field track past Westfield Farm brings you to Leeshaw Reservoir. From there Haworth Old Road continues as a very obvious old route, mainly between walls, along Bodkin Lane, and Stairs Lane with a steep climb to Top of Stairs. The route is then mostly level or downhill to Hebden Bridge. At Grainwater Bridge take the right hand track at the junction with Old Road and follow the stoned track through to Nook, then it is downhill all the way to Horse Bridge through Crimsworth Dean.

### Pennine Way Route (Circular route - for the brave = 16 mile / 26km)

#### (Hebden Bridge to Haworth)

Starting from the point the previous route finished, follow the main track through the National Trust woodlands from The Lodge. Keep to the route along the valley bottom

to Gibson Mill, once past the Mill, stay on this path until it forks, then bear right up the hill. The track continues towards Walshaw. Turn right at Walshaw and climb up onto Wadsworth Moor\*, past the grouse butts to Walshaw Dean Reservoir.

Join the Pennine Way which is signed, until you get to Top Withens, then branch right down the hill to Bronte Bridge. Follow this path to the road, you can then either walk back to Haworth along Cemetery Road, or turn right for a short distance along Moor Side Lane and retrace the route back across Penistone Hill.

We hope you enjoyed your walk. If so tell your friends, if not, or you have encountered any problems please tell us at: Jacobs Well, Bradford BD1 5RW

Ofsted rate Oxenhope preschool as “good” and give special praise to the commitment of the staff, commenting that the children make good progress as they engage in purposeful learning experiences.

Oxenhope pre-school was established in 1960 by a group of local mums who recognised the need for a toddler and pre-school provision in the area for their children.

It is a non-profit making, charitable organisation which is run by qualified and caring staff and a volunteer committee. The committee is an essential part of the preschool as it cannot run without one and new members are always welcome.

The pre-school provides a fun; caring environment for children aged between 2 and 4, and has good links with the local primary school making transition to school as smooth as possible.

Oxenhope pre-school is a much valued part of the community which is why in the summer of 2014 the Ofsted inspection rating of ‘inadequate’ was a real shock to the staff and parents alike.

Since the inspection, staff at the pre-school, headed up by manager Paula Williams, has worked tirelessly to carry out the necessary changes required, by following the recommendations of inspectors to improve

the pre-school not only to fulfil the Ofsted requirements but to improve the facility for the children.

Parents really do value their preschool and this was mentioned in the Ofsted report. Thankfully due to the outstanding work of the pre-school staff and committee, and the support of parents, when the preschool was re inspected in October 2014 it was described as ‘good’ by inspectors. This is a fantastic achievement for everybody involved.

Pre-school relies heavily on fundraising and their next activity is the **Preschool Christmas fair which takes place on Saturday 13th December 11.30 to 1pm** with a Santa’s grotto, tombola, raffle, Christmas cafe for refreshments and a special visit from some members of the Steeton male voice choir who will be singing carols to get everyone into the festive spirit!

Please come along and support your local pre-school.

**If you would like information about the pre-school, or joining the committee please visit the website [www.oxenhopepreschool.co.uk](http://www.oxenhopepreschool.co.uk) or call 07851 702283.**

## Lines: The cold earth slept below

BY PERCY BYSSHE SHELLEY

The cold earth slept below;  
 Above the cold sky shone;  
 And all around,  
 With a chilling sound,  
 From caves of ice and fields of snow  
 The breath of night like death did flow  
 Beneath the sinking moon.

The wintry hedge was black;  
 The green grass was not seen;  
 The birds did rest  
 On the bare thorn's breast,  
 Whose roots, beside the pathway track,  
 Had bound their folds o'er many a crack  
 Which the frost had made between.

Thine eyes glow'd in the glare  
 Of the moon's dying light;  
 As a fen-fire's beam  
 On a sluggish stream  
 Gleams dimly—so the moon shone there,  
 And it yellow'd the strings of thy tangled hair;  
 That shook in the wind of night.

The moon made thy lips pale, beloved;  
 The wind made thy bosom chill;  
 The night did shed  
 On thy dear head  
 Its frozen dew, and thou didst lie  
 Where the bitter breath of the naked sky  
 Might visit thee at will.

After conversations with young people in Oakworth and Bradford Youth Service, HHUGs (Holden Hall

Users Groups) made a successful application to the BIG Lottery Fund and secured funding totaling £11,000 to run a youth café project from Holden Hall, with the primary customer being kids aged between 11 and 19.

The idea was to provide a safe, managed and neutral meeting point for young people, offering traditional youth club activity but also encouraging young people to establish their own social enterprise. This was underpinned by the provision of accredited training and trading opportunities in catering and hospitality. We hoped promoting a spirit of enterprise at the core of the project would engage the kids and create a sustainable outcome. With an initially difficult start including many frustrations and setbacks, the project has been recently bolstered with three volunteers for another 6 months

to see the programme through until its completion.

Bradford Council has given permission to refurbish a room within Holden Hall which will be dedicated to Young People and provide them with the resources they might need to sustain a café project long term; this will be supported by Youth Services and a solid commitment to have a presence in Oakworth long term- beyond the grant funded period.

The grant funding will end in May 2015, but the youth activity has a cracking chance of continuing way beyond that date as the investment will provide a dedicated, accessible and compliant space; qualified and experienced young people and importantly agreements between Bradford Council departments which have reduced charges to virtually zero. This gives the young people every opportunity to enjoy the space and develop their own programme of activity without the burden of unnecessary charges. Fingers crossed!

# Daddy, My Daddy - *Remembering 'The Railway Children'*

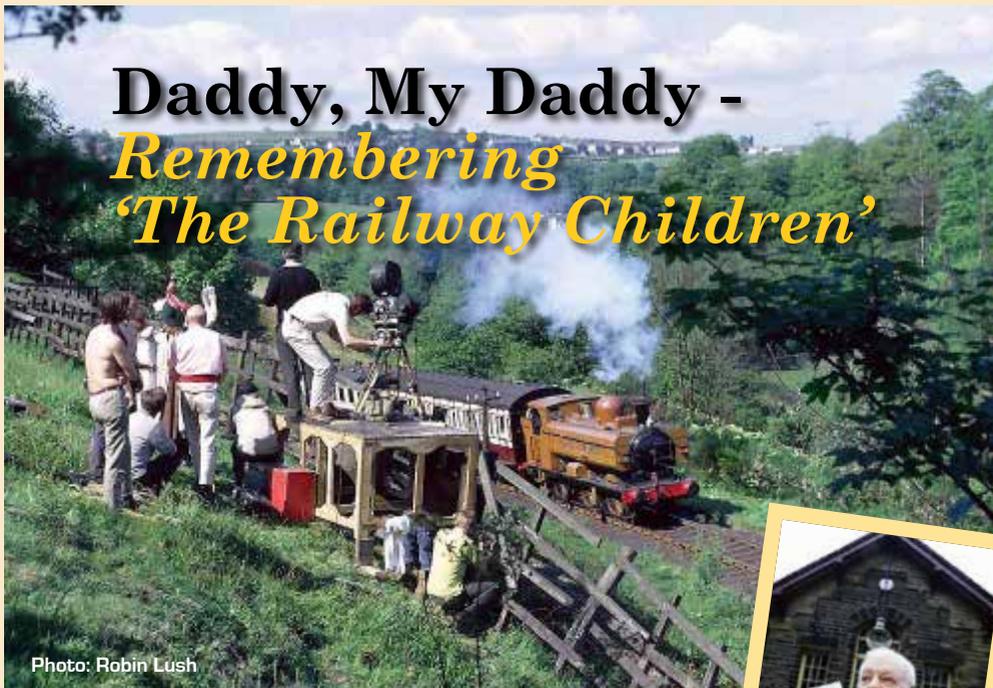

Photo: Robin Lush

*During the glorious summer of 1970, Lionel Jeffries and his team came to the Worth Valley to work on a new film adaptation of E. Nesbit's novel 'The Railway Children'.*

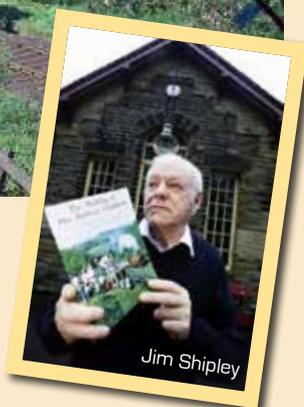

The newly re-opened Worth Valley Steam Railway, with its period locomotives, carriages and stations, provided the ideal location, and many local people were called upon to work as 'extras' alongside the stars. The film went on to become a much loved classic and put both the Railway and the Worth Valley firmly on the map.

Now forty five years on, the Worth Valley Railway is publishing a new edition of its best selling book 'The Making of The Railway Children'. Originally published in 2010 to coincide with the film's fortieth anniversary, Jim Shipley's 'behind-the-

scenes' book about the making of this famous film has been further expanded and updated to include even more information, pictures, gossip, and a few surprises. Jim has had access to the extensive film company archive and has been able to call upon the memories of local 'extras' and the many railway volunteers who were involved in the filming. This book contains photographs and recollections from local people and railway volunteers who were actually there and helped make it all happen.

**Among the books many revelations are:**

- **GARY WARREN** - the young actor who played 'Peter' reveals what really happened after the film - it will surprise you

Jim Shipley

Photo: Canal + Image UK Ltd

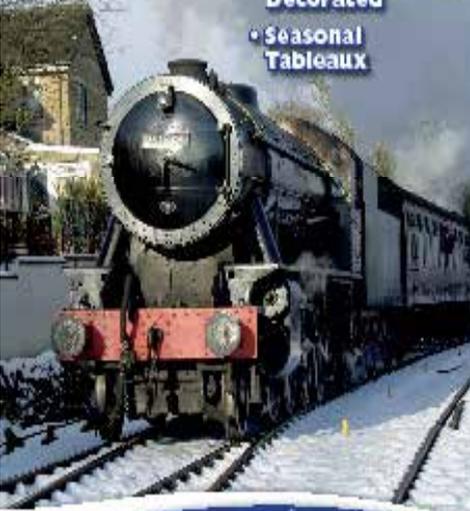

- **DINAH SHERIDAN** - Her personal letter of thanks to a Railway Volunteer, and revelations about her shock souvenir from the film
- **LIONEL JEFFRIES** - his memorable conversation with a lineside pig
- **DADDY MY DADDY** - How 'Daddy' nearly caught the wrong train
- **JENNY AGUTTER** - what her little blackboard really said
- **THE LANDSLIDE** - how it all happened
- **RICHARD BRANSON** - discover who went on to work with Richard on his record breaking Transatlantic balloon and power boat epics.
- **CLEANING UP** - how a local street sweeper accidentally became a film star
- **TOCC** - how members of the top pop group got involved with 'The Railway Children'
- **THE 'EXTRAS'** - local people tell their story

The previous edition of the book drew plaudits from many of the stars and from film and tourism journalists, and went on to become one of the KWVR's best selling publications.

**The new updated and enlarged third edition of 'The Making of The Railway Children' will be available from all KWVR shops and also online from mid January 2015, price £5.95.**

### Winter Trees

BY WILLIAM CARLOS WILLIAMS

All the complicated details of the attiring and the disattiring are completed! A liquid moon moves gently among the long branches. Thus having prepared their buds against a sure winter the wise trees stand sleeping in the cold.
