Voyage  options  
flexible individual support

**Voyage Options offers flexible individual support to enable you to live the life you choose.**

We can provide as much or as little support as you want, whether you live in your own home, have a tenancy or live with family or friends.

This could include support with independent skills, cooking, cleaning, shopping, personal care, social life and any night time needs.

We have experience of supporting people with learning disabilities, physical disabilities, acquired brain injuries, the elderly and other complex needs.

**For more information about how we can support you call 0800 326091 Or contact Keith Moran on 07590 230105 email: Keithmoran@voyagecare.com**

With all the sunshine we've been enjoying of late I keep thinking of that silly song about the sun...*"The sun has got his hat on Hip-hip-hip-hooray! The sun has got his hat on, He's coming out today..."*

I do realise though that you may very well be reading this when the rain is pouring down and the sky is cloudy...so it might be more appropriate to hum this old favourite instead...*"I'm singing in the rain, Just singing in the rain, What a glorious feelin', I'm happy again"*... Either way, a positive frame of mind is the desired outcome whatever the weather brings this summer.

I guess it isn't such a surprise to learn we have new kittens in the family (i.e. The front cover is a bit of a giveaway). Mini and Mimi have come to us via Haworth Cat Rescue and have brightened our lives with their mischievous and cheeky antics. It is the pitter patter of paws on the wooden floors

coupled with bursts of wild exuberant play that keep us smiling in the office. We were delighted with the care and attention to detail Haworth Cat Rescue provided, including a folder that had lots of helpful information about our newly adopted furry friends. We have also noticed Haworth Cat Rescue will be at the Cross Roads Gala this year (see the community pages) so be sure to say hello and support the good work they are doing if you can.

This is a double edition of the magazine; it gives us a chance to take our holidays and catch up with community projects and other commitments. I will have a bit more time to work on Fair Intents, the Eco-Festival that is highlighted on page 15. Please get in touch if you would like to be involved too; it is shaping up nicely. (Save the dates...Sept. 10 & 11)

**Have a great summer!**

# Table Tennis League Players wanted!

K&DTTL

The Keighley and District Table Tennis League are welcoming any new teams this season to register their interest at the AGM on 14th July 2011.

The AGM will start at 7.00pm prompt and will be held at Keighley Table Tennis and Recreation Centre, 2nd Floor Keighley Business Centre, South Street, Keighley, BD21 1SY. Entry into the league is just £50 per team for the full season, which runs between September 2011 and March 2012.

Teams should consist of 3 players with as many reserves as you like and games are played once a week on an alternate home and away basis.

If you wish to discuss this further, please get in touch with the Coaching and Development Secretary - Andy Bray on 07766 428307, or andy.bray10@gmail.com

To advertise call us on 01535 642227

Ruth Wilkinson and Utun Pribados create unique portraits and nostalgic momentos on Haworth Main Street.

"Dressing up for grown ups" is how one client described the hour spent at **Haworth Heritage Portraits** one afternoon. You can step back in time, wrap yourself in period costume and imagine yourself living another life. It is escapism at its very best... and then you get a lovely photo that captures the occasion.

Choose from country casual to aristocratic costumes

Ruth Wilkinson and Utun Pribados decided to set up Haworth Heritage Portraits following a visit to the village

What a brilliant experience! Fancy dressing up as Cathy or Heathcliffe? Or how about one of the Bronte Sisters, or a character from The Railway Children? There are many costumes to choose from for all shapes and sizes; for children and adults.

earlier in the year that left a lasting impression. "We liked what we saw in Haworth and it seemed a good location for us." Ruth explained.

Utun is the master photographer with a creative eye and Ruth has the flair and vision to bring the whole experience

Children's Heritage portraits make a unique gift.

together, including the clothing accessories and setting. There are a variety of scene sets to choose from and Ruth as the "dresser" has a knack for finding the best "look" for her clients.

The studio on Haworth's Main

Street is conveniently located for visitors and local people alike.

A Heritage Portrait makes a fabulous present...and gift vouchers are available if you would like your friends or loved ones to enjoy the encounter for themselves.

In addition to the period portraits, Utun and Ruth can undertake more traditional style portraits either in the studio, at your home, or on location in the beautiful surrounding valleys.

Capture your canine or feline friends with a unique pet portrait

Pet portraits are becoming increasingly popular too as the family pets are a cherished extension of the family. The whole experience is surprisingly affordable and equally entertaining and fun. You will create a lasting memory and a cherished portrait.

**Haworth Heritage Portraits**  
79 Main Street, Haworth 01535 646606

## “WEST YORKSHIRE OUTDOORS”

by Ben Waters, Steeton

White fluffy blots dotted on green  
Graze under greys blotted with white fluffy blobs.  
Blue shows through.  
Yellow sun shafts light up the rocky hill,  
Valley shaded till hill light's faded  
N' clouds collude to allow light through.  
Rocks drop n' roll, crumble in slow motion  
Taking several years to tumble,  
But one day on your routine ramble  
There's a new displacement or formation.  
While becks n' rivers flood or trickle,  
Carving contours with destructive creation.  
Get high for the country.  
Get down for the towns,  
Dissected by canals n' ginnels.  
Streets of grass crossed by washing string,  
As terraces hump up the slopes back to back.  
Old mills black chimney stack.  
Stone walls squaring up to the moors;  
Breathe in deep feeling this West Yorkshire outdoors.

## Going green: The positives about solar panels

- Solar panels, when in operation, are carbon neutral. The only pollution produced as a result of solar panels is from the manufacturing process, transportation, and installation.
- The production of energy from the use of fossil and some renewable fuels (e.g. wind turbines) can be noisy, yet solar energy produces electricity very quietly.
- One of the great pros of solar energy is the ability to harness electricity in remote locations that are not linked to a national grid. A prime example of this is in space, where satellites are powered by high efficiency solar cells.
- The installation of solar panels in remote locations is usually much more cost effective than laying the required

high voltage wires.

- Solar energy can be very efficient in a large area of the globe, and new technologies allow for a more efficient energy production on overcast/dull days.
- Solar panels can be installed on top of many rooftops, which eliminates the problem of finding the required space for solar panel placement.
- Another great positive for solar energy is the cost. Although the initial investment of solar panels may be high, once installed, they provide a free source of electricity, which will pay for itself over the years.
- The use of solar energy to produce electricity allows the user to become less dependent on the worlds fossil fuel supplies...and that is a real positive benefit.

# Convert sunlight into electricity... and get paid for it!

£200 Discount for Worth Valley Mag readers  
Offer ends August 31, 2011

# ELECTROTECT (UK) LTD

RENEWABLE ENERGIES  
[electroprotect.co.uk](http://electroprotect.co.uk)

**We have countless local satisfied customers, but don't just take our word for it...**

*"Since the start of this year we have generated 650 Kwh of energy, (even without the feed in tariff) has reduced our electricity bill from £48 per month to £15 per month! During the daytime even on dull days, we get a couple of hundred Watts (from a 1.1 kw system) and of course on sunny days we act as a generator, exporting 500 - 600 watts back to the grid after our own domestic use has been taken care of. The panels have worked flawlessly and i would have no hesitating in recommending Electrotect to others."*

**Mr and Mrs Glover, Queensbury**

Install solar pv now and earn upto £1500 a year from 'feed-in' tariff for 25 years!

Save on annual electricity bill

Professional, local family run company who don't use salesmen or subcontractors!

# Bradford Chamber Showcases Talent

Left: Recycling Factory  
Pen, ink and watercolour.  
Below: Instability 'Lost My Shape'  
Oil on board.

Local resident, Jane Gerwitz, is an illustrator and artist who has been selected to exhibit her work in Bradford Chamber of Commerce. Included in her exhibition there is the highly detailed, large, panoramic pen drawing - her personal view of 'Bradford before the Hole'. Other subjects in the show include demolition, buildings, contraptions, myth, recycling, nursery rhymes, people, animals and her 'bird' characters - both in stories and greeting cards. Jane uses a range of media including print, pencil crayon, ink,

oil and watercolour.

The exhibition is part of Bradford Chamber's new arts initiative, raising the profile of local artists. It is a rolling programme of artists and photographers showing both in the Chamber in Little Germany, and at the Bradford Chamber Business Park in Laisterdyke. The venues are a very welcome addition to existing exhibition space in the Bradford area.

At present Jane's work is in Bradford Chamber, Little Germany and the last day will be the 5th July. The exhibition

# Sustainable Living NOW

Ecology Building Society HQ  
Silsden, West Yorkshire

For ideas and advice to improve your home's energy efficiency, visit [www.energysavingtrust.org.uk/Home-improvements-and-products](http://www.energysavingtrust.org.uk/Home-improvements-and-products)

Insulation: not something many people get excited about, but it has a major role to play in building a greener society in the UK.

There are over 26 million homes in Britain, most of which waste huge amounts of energy and money. Our homes currently consume three times as much energy as our cars, and account for over 27% of our carbon emissions.

Should we care about this? The government cares enough to want to reduce our carbon emissions by 80% by 2050, and this won't happen with out us all doing our bit. This doesn't mean disposing of all our worldly goods and giving up everything we enjoy - it means ensuring that the way we live today doesn't jeopardise the lives of future generations. Living sustainably involves some work on our part, but it has big rewards.

In terms of our homes, it means doing what we can to improve the energy efficiency of every house in the UK, from draughty Victorian terraces

Eco-efficiencies can be made on most properties

to modern high-rise flats. The good news is that the support and the know-how are out there, from sheep's wool insulation and cork tiles through to triple glazing and heat exchangers.

The even better news is that improving the energy efficiency of your home won't just give you a warm glow. Low energy homes are cheaper to run - in the long term the savings on energy will far outstrip the cost

of improving your home - and they're generally more comfortable to live in.

Ecology Building Society has been supporting properties and projects which respect the environment for 30 years, starting from our tiny office in Crosshills and now from our Eco HQ in Silsden. We're highly regarded for our support for eco new builds

and renovations, but we also want to do our bit to help the UK improve its existing housing stock.

For more information about Ecology Building Society, visit [www.ecology.co.uk](http://www.ecology.co.uk) or call 0845 674 5566 and say you read about EBS in the Worth Valley Mag.

To advertise call us on 01535 642227

**What is PAT Testing?**

Portable Appliance Testing is abbreviated to 'PAT'. The phrase 'PAT Testing' is in fact a tautology in the same way that some people say 'LCD Display'. In the United Kingdom, Portable Appliance Testing is a process by which electrical appliances are routinely checked to see if they are safe. When people work with electrical appliances, health and safety regulations say the appliance must be safe. Testing should be carried out at regular intervals to ensure continual safety; the interval between tests depending on both the type of appliance and the environment it is used in. Most electricians can carry out PAT Testing. For more details [www.pat-testing-uk.info](http://www.pat-testing-uk.info)

## A Closer Look at... CLOUDFREEIT

...the way IT's meant to be!

**We're celebrating! We've delivered great computer service and support to homes and businesses throughout the Aire and Worth Valleys (and further afield) for over 3 years and we're still growing!**

**Computer Service Centre - Fixed Prices and No 'Technobabble' - Promise!**

Our experienced, Microsoft-certified technicians have the answers for you in plain English and our services are at fixed prices too!

- Free diagnosis (up to 15 mins technician time)
- We discuss with you what's needed & fix costs
- You decide if you want us to proceed

**Home Support Visits and one-to-one Computer Training**

- PC or printer behaving badly?
- Wireless network acting up?
- Need internet access for the first time?

Whatever your computer support needs, we'll come out at a time to suit you.

Don't struggle on if you're finding the world of computers daunting, or you've simply got stuck. Our friendly and patient staff will happily spend time showing you 'the ropes' at the same low rate as for home support visits. You get all the help you need without waiting for a teacher to finish helping others.

**PC, Laptop and Accessory Sales**

Guidance in choosing the right product for your needs is available from our approachable experts. Whatever you're looking for, do come in and have a chat with us; we're more than happy to advise.

**Microsoft Partner**  
Gold Desktop

Unit S3, Keighley Business Centre, South Street, Keighley BD21 1SY.

Meet the Team! From L to R:- Haldi Kranich, Paul Haisman, Jack Butterworth, Dave Querstret, Michelle Thompson, Gareth Harrison, Nick Hume, Matt Woollard

**We supply products from a wide range of popular vendors and keep stock of popular parts and peripherals. We'll order in non-stock products for you, often on next day delivery.**

Our favourite PC and laptop brand is Dell. Their wide range represents quality & great value for money, no matter what your budget. We sell at exactly the same prices as per Dell's own website, plus a small charge of £40 to test and set everything up properly (and transfer your existing data to your new computer if you need us to) before you come in to collect it. This means fewer, or no niggles when you plug in at home.

By talking with us first you'll be a much happier computer user!

There's so more to CloudfreeIT than just 'Computer Repairs', so whatever your IT needs we can help.

**Remember - we don't do 'hard sell', so you've got nothing to lose! And even if you just need a little free advice, our door is always open...**

Open Mon to Sat 9am to 5.30pm - Free Parking  
Free pick-up/drop-off within 5 mile radius

Steam trains...  
through the heart of Brontë Country  
Keighley & Worth Valley Railway

**Remember when...**  
summers were hot...  
mum's picnics were the best...  
sweets were bigger...?

Travel back in Time on the  
Keighley & Worth Valley Railway.

**B**ritain's last remaining complete heritage branch  
line runs from Keighley to Oxenhope, along a rich  
seam of West Yorkshire's rail and cultural heritage.

Travel via Ingrow, with its award-winning Museum of Rail  
Travel, and Damems, the country's smallest complete station  
(Ormsdon in BBC TV's *Born & Bred* series) to Oakworth, the  
location for the classic 1970 *The Railway Children* film. Get  
off the train and stretch your legs on *The Railway Children  
Walk* linking film locations between Oxenhope, Haworth  
and Oakworth.

Here at the Keighley & Worth Valley  
Railway there is more to do than  
at first meets the eye - we're your  
route to a great day out for all the  
family...

**So much more  
than just a train ride.**

**The Railway Children's Railway -  
for Railway Children of ALL ages!**

# Running with Success POOCH DOG GROOMING

Earl and Helen Glover at Pooch, in their new premises, Old Saw Mill, Hebden Rd.

After 3 years of dog grooming at  
Haworth Main Street, Helen Glover's  
Pooch Dog Grooming has moved to the  
Old Saw Mill on Hebden Road between  
Haworth and Oxenhope.

As well as easy access and free  
parking, Helen's unit has been  
refurbished and customised specifically  
for dog grooming. There is even a  
kennel and play area exclusive for  
Helen's dogs springer spaniel 'Earl' and  
bichon frise cross patterdale 'Fennel'!

Hollie and Helen give Earl the royal treatment!

Helen now  
has a trainee  
dog groomer  
Hollie, working  
with her in the  
new grooming  
pad. Hollie is  
really excited to be working at Pooch and  
is hoping to become a fully qualified dog  
groomer in the future.

Lots of people in Haworth and  
Oxenhope know Helen as the county  
standard runner who is often seen  
out pounding the streets with her  
dogs. Earlier this year Helen won the  
Keighley 10k race and she is hoping to  
retain her title of the Oxenhope straw  
race champ in July.

Pooch Dog Grooming is visited by  
lots of different breeds of dog from  
Humphrey the very big Russian  
mountain dog (who weighs more than  
Helen) to Sibil the tiny toy poodle!

Services range from a bath and dry  
and nail clip, to a full groom including  
clipping, stripping or scissoring to  
breed standard or owner preference.  
The waiting list for an appointment  
is around 3 weeks so it is advisable  
to plan ahead when booking a Pooch  
pampering!

# Sky Ride: In search of the perfect hill

Local people are being invited to choose their perfect hill to cycle down by Sky Ride and Bradford Council.

The Sky Ride event itself on Sunday, July 31, incorporates a perfect hill down into Bradford city centre from Peel Park offering families the chance to freewheel for over a mile down Bolton Road to Little Germany before enjoying some entertainment at the Urban Garden.

But as part of a national contest the organisers are also asking people to pick their own perfect hill - of which there are many around the district to choose from. One of the most famous hills is of course the one that climbs from Ilkley up towards the Cow and Calf rocks which has seen the spectacular sight of the Tour of Britain cyclists in a peloton several times in recent years.

People can go on to the [www.goskyride.com](http://www.goskyride.com) website to nominate their perfect hill.

"It is the hills that lend such beauty and magnificence to the landscape in the Bradford district. Few people around the country realise that our district is three-quarters rural and there is much to enjoy."

The search for the perfect hill is backed by Olympic Gold medallist Sir Chris Hoy, an ambassador for the Sky Ride events nationally. Sky Ride asks that nominations take into consideration the view and the historical resonance, but most importantly what that hill means to that person

whether it is the thrill of the descent or the memories it invokes.

A public vote and a panel including Sir Chris himself and Editor of the Lonely Planet Cycling guide, Etain O'Carroll, will shortlist the entries. The ten best runners-up will receive a bike for themselves and the winner will not only receive their own brand new bike, but also one for their

immediate family up to a maximum of four.

Sky Ride local events, which are free small, weekly community bike rides led by trained leaders, can be both registered and found on [www.goskyride.com](http://www.goskyride.com) website.

If you are a member of facebook you can also click on to [www.facebook.com/goskyride](http://www.facebook.com/goskyride)

Olympic Gold medallist Sir Chris Hoy

The simple taste of summer...  
**ELDERFLOWER**

You can't have failed to notice that there is a glorious abundance of elderflower in gardens, hedgerows and roadsides this year. I have a great recipe to take advantage of this amazing bounty!

Elderflower cordial is a traditional English drink, and fairly expensive to buy ready made, but incredibly cheap to make at home. It's delicious mixed with water (5 parts water to 1 part cordial), drizzled over ice-cream, or mixed with gin or champagne (or both). This recipe is extremely easy, but does require a few odd bits of equipment... a clean pillowcase or thin cotton teatowel, a funnel or jug, a very large saucepan and some rubber or latex gloves and two glass bottles with tops.

- You will need:
- About 30 flower heads, without bugs or leaves or big stalks (a salad spinner is good for de-bugging)
  - 3 pints / 1.5 l boiling water
  - 2 lb/1kg sugar
  - 4 lemons
  - 2 oz / 50g citric acid (buy it from a chemists, health food or home-brew shop)

Over medium heat, pour the boiling water from the kettle in to the

large saucepan. Add the sugar; stir until dissolved. Grate the skin (zest) of two of the lemons, and chop the zested lemons and the others into chunks or slices and pop them in to the water when it is still hot but not boiling.

Take the pan off the heat. Push the elderflowers, head down into the water until they are under the water, then cover the saucepan with your pillowcase and leave to steep for 24 hours.

The next day, sterilise your bottles by rinsing them with boiling water and letting them dry off naturally (or use the dishwasher). Then don the rubber gloves, and rinse your pillowcase in boiling water too and wring out. Use this as a sieve to strain your cordial – (obvious hints – take out as many of the flowers and lemons as you can before pouring it onto the cotton, and pour a little bit at a time).

Then all you have to do is use your jug or funnel to decant it into your bottles and enjoy. It will last up to a month in the fridge, or you can freeze it in plastic bottles for up to a year.

Nel Hargrave

**Sat 2 July Keighley Gala** Parade through the town centre to Victoria Park at 1pm.

**Sat 2 July Oakworth Gala from 1pm.** Procession assembles on Windsor Road, leaving at 2pm to process to the Gala field off Victoria Road, Oakworth. Stalls, games, children's races and family fun run in the field from 2.30pm. Contact 01535642625 for more details.

**Bristles Chimney Sweep Service**

Telephone/Text 07972 330887

Email: bristles-chimney-sweep@hotmail.co.uk  
Website: www.bristles-chimney-sweep.co.uk

Villages through to cities in the region are judged in Spring and Summer. The special categories include public, private and charitable establishments, business premises, visitor attractions, caravan and camping sites, youth environmental projects and further education establishments.

This year the summer judging will take place July 13th in Haworth. Haworth is especially keen to gain new recruits to help with the campaign. If you are interested in the local environment and have a green thumb or at least an interest in gardening, the Haworth in Bloom Group would love to hear from you. Even just an hour or two in the month would be helpful. Contact Mike on 01535 645992 For Oakworth in Bloom Contact Julie at Holden Hall

<http://www.youtube.com/user/Yorkshireinbloom>

**Yorkshire in Bloom**

Yorkshire in Bloom is a voluntary regional organisation that administers the Britain in Bloom Campaign in North, South, East and West Yorkshire, North and North-East Lincolnshire. Britain in Bloom is the largest horticultural campaign in Europe creating lasting improvements to local environments.

Composite photo of "Team Veritass Venturers"

Staff and customers of Veritass Insurance Brokers in Oakworth took part in the annual Jane Tomlinson 10K Leeds race on Sunday 19 June 2011. They entered as a team "Veritass Venturers", which came in 9th out of 27 teams. Edward Jenkins achieved the best time for their team coming in at 48 minutes 21 seconds.

Despite the rain the day was a great success and they raised £670, which goes to the Jane Tomlinson Appeal.

Before her death in 2007 Jane Tomlinson CBE raised £1.85m through a series of incredible physical challenges. Mike Tomlinson and his three children, now have set their sights on a £5 million target. With the generous help of Jane Tomlinson Appeal supporters, the £3 million raised to date is already being put to good use by those in need.

If anyone would like to make a donation the link to Just Giving is still open at [www.justgiving.com/veritassventurers](http://www.justgiving.com/veritassventurers)

Veritass would like to thank their friends and customers for their support.

**DID YOU KNOW?** ...Compost is an inexpensive alternative to chemical fertilizers, and it is less likely to harm sensitive roots. Chemical fertilizers can be extremely harsh on plants. Have you ever read the warning label on a bag of fertilizer about how you have to carefully water it in to prevent it from burning up the plants you are trying to help, or even burning your eyes or skin or pets' feet? Kind of scary! Chemical fertilizers can also leave heavy metals like lead, arsenic and cadmium that can build up over time. A big shock of chemical fertilizer can also kill the very microbes that make soil fertile, dooming you to depend on using chemical fertilizers over and over again.

Many chemical fertilizers are made from petroleum and other non sustainable sources. The price of chemical fertilizers seems to get higher every year due to rising oil and shipping costs. On the other hand, compost doesn't use any oil and doesn't require much transportation. Using compost reduces our dependence on foreign oil and boosts soil health. for more about composting visit <http://www.compostinstructions.com/>
