Welcome to the summer edition of the Worth Valley Mag. This magazine has been published continuously for 18 years and in that time has supported thousands of local businesses, tradespeople, sole proprietors, charities, churches, non-profit organisations, festivals, events and scores of individual endeavours. We gladly record the toing and froing of this vibrant and unique community. Our format is rather 'old school' and many readers tell us they appreciate our printed publication as a trusted offline source, like a local word of mouth channel for suppliers, happenings and information.

Thank you for using the businesses and service providers in this directory, and for supporting the organisations and individuals raising money for local charities. By spending your money locally you are contributing to the wellbeing of the local economy. Local, Local, and more Local...we can't say it enough; you get the point :) Have a fabulous summer and enjoy all that the Worth Valley has to offer.

# Denture Problems Look no further...

## Who are we?

**Our Keighley  
Denture Expert is  
Matthew Varley  
(Dip CDT RCS)**

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

## How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

**Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.**

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

## Everybody has the right to smile!

*Would you like to be more confident?  
Do you suffer from denture discomfort?  
Loose or ill-fitting dentures?  
Afraid to smile?*

**With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.**

## From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back,  
I never imagined I could smile like this.  
Thank you My Denture Clinic"*

**Support Sue Ryder, Manorlands:  
Join the Panto Pony Challenge!**

*Your support is appreciated!*

**Sue Ryder, Manorlands** needs no introduction for most locals, nor does the incredible work they do supporting people and families in times of need. This cause sits close to our hearts, and years ago, we found ourselves becoming the front and back ends of the Sue Ryder, Manorlands Panto-Pony. You may have seen Panto-Pony at local events like the Mascot Gold Cup at Wetherby, Oxenhope Straw Race, Oakworth Gala, various fell races, Park Runs, and, most recently, training for our latest challenge.

Our adventures often start with "I wonder if Panto Pony can...?" and our latest challenge, **"Pier-2-Pier by Panto Pony,"** was born from this spirit. We will cycle from Blackpool to Scarborough, covering 167 miles in two days on a tandem bike, dressed as Panto-Pony. Despite having no experience with tandems, we found the perfect one on Facebook Marketplace. Our first ride was wobbly, but we quickly discovered that Panto-Pony could indeed ride a tandem. The smiles and double-takes from passers-by confirmed that this Pony would pedal across the country.

**Starting on July 20th**, we'll begin our 167-mile journey with our hooves in the Irish Sea at Blackpool. Our route takes us through Lancashire and into Yorkshire, with a long climb over 'the Herders' and down into the Worth Valley. We'll end the first day at Sue Ryder,

Manorlands in Oxenhope with a photo call for our supporters and sponsors.

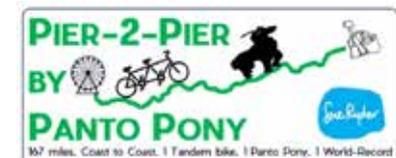

**Day two, July 21st**, covers over 100 miles on Yorkshire's hilly roads. We'll start from Sue Ryder, Manorlands, travel through Keighley, Bingley, Shipley, and Leeds, then continue through Tadcaster, York, Malton, and finally descend to Scarborough, ending with our front wheel in the North Sea.

**Our goal is to raise £10,000**—an ambitious target, but one that equates to just one day of running costs for Sue Ryder, Manorlands. The support and generosity from the Worth and Aire Valley communities have been amazing. The looks of disbelief, waves, smiles, and cheers keep us motivated.

We will continue training up until the challenge weekend. If you see us, shout hello, wave, smile, toot your horn, and share your pictures. Follow us on social media and visit our JustGiving page at [justgiving.com/page/pantopony](http://justgiving.com/page/pantopony).

*Your donations make a real and valuable contribution to the incredible work of Sue Ryder, Manorlands. Let's exceed our target together!*

## Come and share our love of walking

**RAMBLERS Keighley**

We are a small group of local people who like nothing better than to explore the lovely dales and moors around Yorkshire in sociable company.

Join us! We're sure you will feel much better for getting out in the fresh air.

[www.ramblers.org.uk/keighley](http://www.ramblers.org.uk/keighley)

As we dodge the downpours during June, it's difficult to believe that we are already in what we consider our summer season... but our fingers and everything are crossed as we hope that better weather will stay for at least a few weeks. The weather doesn't affect our passengers, as they can stay warm and dry when travelling in our historic carriages if it's cold or raining, and also enjoy being able to open the windows to get some air when (and if!?) we get to bask in some warmer temperatures. I hope you'll join us on board soon, whatever the weather.

We run trains every weekend throughout the year and then run an extended timetable for the school holidays as we enter summer. In a slight change to our days of operation to previous years, we are running steam-hauled services on Wednesdays and Thursdays through to the end of June and into July, and then start our traditional seven-day-per-week timetable on Monday 22nd July. Full details of the timetable are available on the Railway's website, where you will also find details on how to apply for your Local Resident's Railcard if you live in the BD20/21/22 postcode areas.

Looking along the line, work on the refurbishment of Keighley station continues with our friends at Network Rail. We have now regained full access to our café bar, the Old Parcels Office, at the Keighley

end of the line, and it has a full menu and drinks available. It is open on all operating days and Wednesday-Sunday all year round, with extended opening hours on Friday and Saturday evenings. The menu and opening hours are all on the website. We will shortly be announcing the opening date for the Visitor Centre that we have been establishing in the Water Tower building.

Elsewhere on the railway, we continue to prepare for the replacement of 'Bridge 27', which takes the main line across Bridgehouse Beck at Haworth. You may have seen the work at the end of May as we undertook the next phase of preparations, which takes us a big step closer to being ready for the replacement to occur as planned in autumn. The work is being led and managed - and a lot of it is undertaken by - our team of qualified volunteers, which makes the project's achievement thus far all the more impressive.

Over the summer we will continue to run our programme of events, including the chance to enjoy on-train dining and guided tours, as well as the regular services. I do hope that you will join us on board and also consider joining our group of over 750 volunteers, who do so much to keep the increasingly elderly wheels turning.

People seek counselling for a variety of different reasons, often when they feel overwhelmed by life's challenges and need help coping. You might be dealing with stress, anxiety, or depression, struggling with relationship issues, or facing significant life changes like a job loss or the death of a loved one. You might want to work on personal growth and self-improvement.

Counselling provides a safe, non-judgemental and confidential space to explore your feelings and thoughts, gain new perspectives, and develop effective coping strategies.

Appointments are available primarily in an evening, but limited daytime and weekend appointments are also possible, with a choice of ways we can meet; face-to-face at my base in Haworth, or perhaps you'd rather walk and talk in my local park. Alternatively, on-line via Zoom or telephone.

**Grilled aubergine, marinated in honey, miso and soy.**

To say I like my barbecue would be an understatement! If we're having guests, I like to offer a couple of vegetarian and vegan dishes too. This is one of my favourites.

**Ingredients**

- (serves 4)
- 2 medium / large aubergines
- 1 tablespoon white miso paste
- 1 generous tablespoon runny honey
- 1 teaspoon dark soy sauce
- 1 teaspoon toasted sesame oil
- 1 tablespoon sunflower or rapeseed oil
- 1 small bunch of spring onions, finely sliced

**Method**

Top and tail your aubergines and take a thin

long slice off both sides (essentially remove the skin from two sides) and discard. Now cut each aubergine lengthways into slices resembling steaks, approximately 2cm thick. Get a large bowl, pot or pan, fill with cold water and salt well. Chuck your aubergine slices into the water, put a plate on top with a kitchen weight to keep the aubergine submerged and set aside for 30 minutes or so. This will remove the bitter taste that puts many off aubergine.

Meanwhile make your marinade by combining the remaining ingredients except the spring onion. You may need to add a little warm water to get the right consistency. You may also wish to add slightly more or less honey or miso to get the balance of salt versus sweet to your taste. We're aiming for a similar consistency to double cream.

Remove your aubergine from the water and pat dry with kitchen roll.

Score both sides of each slice with the point of a sharp knife in a crosshatch pattern. Place in a shallow baking tray and pour over your marinade, turning so both sides are well coated. Set aside for an hour whilst you go and light your barbecue and enjoy a glass of something cold!

Once your barbecue grill is good and hot, simply grill the aubergine slices as you would a steak or a burger on the grill rack, timing depends on how hot your barbecue is and how close to the heat you've set your rack. Baste with the marinade as you're cooking. Over a medium to hot heat it should take a couple of minutes a side and should be soft when pricked with a fork.

Remove to a serving plate, pour over a little of the remaining marinade and sprinkle with the spring onion.

I like to serve this with tabouleh or couscous. ~Martin Lingard

## BEHIND THE SCENES AT THE MUSEUM

One of the many things we love about the Museum is our passionate staff and volunteers – and never is that clearer than at our **Thursday Talks**. **Thursday Talks are delivered once a month, at 2pm, in the Old School Room** – and they're free for locals and Museum ticket-holders!

Sue Newby, Learning Officer at the Parsonage, got the ball rolling for the talks: 'They're a nice way to share our knowledge and enthusiasm with visitors and locals', she says, highlighting how presenters include staff members and volunteers from all different departments within the Museum. From 19th-century women's art to Emily Brontë and vampires – the talks span a huge range of subjects, each one chosen by the presenter because they're fascinated by the topic. And that fascination always shines through.

### **So how does it work?**

Here at the Parsonage, members of the team can take a 'library hour' every week and use that to explore our wonderful collection of reading material, spanning literature, local history, and more. This gives everyone the chance, if they want, to research a topic of interest for a future

Thursday Talk, supported by our expert curatorial department.

The talks are a great way for our team to broaden their Brontë knowledge and share their findings with the public. It's a lovely opportunity for audiences to learn something new and ask questions of a presenter who loves their subject. At the heart of it all is our belief that the Brontës are for everyone – and that learning never stops. The fact that, 200 years ago, a local family began a legacy that continues to inspire new interpretation and research is so exciting – and we're proud to have a team of staff and volunteers who want to share this!

**18 July: Thursday Talk - Brontë Buildings: Real or Imagined?**

**15 August: Thursday Talk - 'Unjust! Unjust!' Depictions of Childhood in the Brontës' Writing**

**12 September: Thursday Talk - From Haworth to Hollywood**

**Our in-person Thursday Talks are free** with entry to the Museum and for residents in BD20, BD21, and BD22. No need to book. They're also repeated online the same day at 7:30pm (booking necessary). Find out more about our upcoming talks at [bronte.org.uk/whats-on](http://bronte.org.uk/whats-on).

**YORKSHIRE LOFT LADDERS**

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.

Say you saw it in the Worth Valley Mag!
