Everything looks blooming marvellous at this time of year. I hope you are enjoying the longer days and getting out and about in the sunshine; soak up that vitamin D!

It is a first for us to be promoting Christmas in June, but our friends at the Keighley & Worth Valley Railway are keen to get in front of the seasonal demand. As a local resident, this is your 'heads up' to book your tickets in advance to avoid disappointment. (See p15)

Getting back to summer...check out our centre spread focused on Haworth Festival. What a fabulous line up with a variety of events and happenings from which to choose. This month we are looking forward to the Beatles versus the Beachboys 60s Party Night in Bingley! (see left)

Do you dream of owning a VW camper van? Now's your chance to make that dream a reality. (See p32)

Happy JUNE! ~ Liz

Gabbi & Rae Rae

Upper Town chippy was reopened by Oxnop resident Rae Rae Foxon in 2022 after being shut for two years. "The chippy has always been a culinary institution

in the village and I couldn't stand seeing it being shut any longer; one morning I realised that if no one was going to reopen the business then I'd better just have a go," Rae Rae explains.

A thirty something bubbly jubilant business lady, Rae Rae has had more than just a go; she, with the help of her husband and their army of friends, overhauled the place into a hip yet traditional looking Fish & Chips shop.

"Not only did I want to serve the most traditional of Fish and Chips, I also wanted the shop to have a nostalgic feel. We cook in a range once sited on Blackpool Pier." Rae Rae says, "It's nearly 60 years old and I had to overhaul her inner workings to bring her up to a modern spec. They used to light the old thing with a match! I've named her Frida," she smiles.

Upon entering **Upper Town Fish & Chips** you are greeted with one of those pin board menus that you might have seen in 1980's cafes listing a varied menu of delights from fresh haddock and chips, cauliflower bites, halloumi, to the intriguing pizza crunch (battered pizza) and lots of options for vegetarians and vegans. Rae Rae even offers homemade pickled eggs from her own flock of free range hens, also based in the village.

This all female run business has been getting busier and busier since opening and the reviews are getting better still.

"It's been a challenge from day one. When a business has been shut for so long it's about building support from the ground up; the local community as well as others further afield have been great. We've had to work hard to get back on the map, but we love it: We offer good quality produce that is locally sourced and closely guard our secret batter recipe!"

Denture Problems Look no further...

Who are we?

**Our Keighley
Denture Expert is
Matthew Varley
(Dip CDT RCS)**

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

Everybody has the right to smile!

*Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?*

With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back,
I never imagined I could smile like this.
Thank you My Denture Clinic"*

Say you saw it in the Worth Valley Mag!

In 1992, **A1 Health & Mobility** began its journey in a humble garage in Haworth, under the guidance of current MD Simon Harrison. Initially, the focus was on selling reconditioned stairlifts to the local community. Word of their commitment to quality workmanship led to nationwide recognition within the lift industry in the UK. By 1993 the business had outgrown its garage origins and moved to a larger unit in Mantra House, Keighley. For the next 18 years **A1 Stairlifts** operated from this location before relocating to its current site on South Street, Keighley in 2011. This strategic move allowed for expansion into a wider range of mobility products, operating under the name Easyhome Mobility. As demand soared additional space was required. In 2015 two units in Marley Mills were leased to accommodate the continued growth leading to the establishment of **A1 Stairlift Services Ltd**, which now stocks a large selection of new and refurbished Stairlifts with over 20 Staff. Easyhome Mobility changed its name to **A1 Health & Mobility** expanding further to incorporate online storefronts at **www.a1healthandmobility.co.uk**. During this time we revamped our Logos and Colour Scheme creating the **A1 Lift & Mobility Group**. When the challenges of the COVID-19 pandemic emerged in 2020, A1 Lift & Mobility

Group launched the **A1 Health Suite**, featuring purpose-built clinics for Podiatry and Ear Wax Removal, contributing to local well-being. Expanding further in the same year an additional unit was taken at Marley Mills to accommodate the new Lift Showroom. **A1 Access Lifts** was introduced offering platform lifts and wheelchair incline lifts for residential and commercial properties, with the only fully operational showroom in the North of England. At **A1 Lift & Mobility Group**, our commitment extends beyond sales with over 100 years of combined product knowledge. Our team prioritises personalised service and expertise. We offer comprehensive aftersales support, including a 24-hour emergency response line, servicing, repairs, and extended warranties, underscores our dedication to ensuring independence and satisfaction for our valued customers.

Visit **www.ailmg.co.uk** to discover our extensive range of products, including Adjustable Beds, Bathing Aids, Mobility Scooters, Power Chairs, Rise and Recline Chairs, Rollators, Stairlifts, Walking Aids, Wheelchairs, Platform Lifts, Wheelchair Incline Lifts & Hoists. This is a strange month for the Railway. On the one hand, we are looking forward to the increase in services during the week starting in June as we get ready for our “summer running” when we operate on a Wednesday and Thursday as well as the weekends, then all week starting on 22nd July. It’s great to see the Railway come alive on weekdays as well as weekends as we carry thousands of visitors to the Valley, as well as many of our more local neighbours making the most of their Local Resident’s Railcards (see the website for details on how to obtain yours if you live in BD20, 21 or 22).

On the other hand, it’s time to talk about snow, holly and a bit of ivy... as we have now bowed to pressure from our regular passengers and put the Elf Explorer tickets on sale. Our Elf services run on weekends during December as well as 23/24 November, and the days in the run up to Christmas Eve, and we give our passengers a chance to meet Santa and his helpers, which, for many of us, marks the start of the Christmas festivities. Like many, it’s a regular festive tradition in our household, and Mrs S (that’s Stroh rather than Santa on this occasion) has totted up that she has been travelling on the Railway’s Christmas services for around four decades, first as a helper when she was a Brownie, and then bringing the children and now grandchildren every year since. Tickets for certain dates always sell out quickly, so please visit the website if you want to travel on a particular date or time.

I promise I’ll try not to mention Christmas again until we have had a chance to enjoy some sunny summer weather before we have to think about winter wonderlands and snow-covered views from the train windows...

So, back to the here and now, there’s plenty to report. Network Rail continues their refurbishment work at Keighley Station, and our new visitor centre at the Water Tower is nearing completion – more details on the grand opening to follow in due course. However, the focus of our civil engineering volunteers’ focus is now on replacing the bridge that takes the main line over the river just outside the Haworth locomotive yard. You may have seen the preparatory work at the site, which has involved lifting and replacing the track several times to permit work during the week and trains to run each weekend. It is a very impressive and meticulously planned operation and is a testament to the skill and ingenuity of our highly qualified volunteers that we are in a position to undertake our most significant and ambitious civil engineering project since the line reopened in 1968. You can see details of the progress they are making and the scale of the work to come on our social media feeds.

Sole Fillets Cooked in Beer

This may seem an unusual way to cook and serve fish but it's actually quite common in Northern France and Belgium, I've eaten a similar dish of fish cooked in cider in Normandy.

I've used lemon sole here but most flat fish fillets such as brill, halibut, turbot or plaice can be substituted. A pale ale or pilsner style lager is best for this. I like to keep it local and use Timothy Taylors Landlord. It can be quite difficult sourcing good fresh fish in the Worth and Aire Valley area. I tend to go to the fish mongers on Albion Street on the outside of Halifax market which are very good but there is also a good fishmonger on the High Street in Ilkley. I like to serve this with boiled new potatoes and green beans. (Feeds 4)

Ingredients

100g unsalted butter
 1 medium onion, halved & thinly sliced
 2 celery sticks, thinly sliced
 500ml pale ale or lager
 1 bay leaf
 1 sprig each of fresh parsley & thyme
 4 juniper berries, squished
 4 lemon sole fillets, skinned if you prefer
 Sea salt and freshly ground black pepper

Method

You need a wide and shallow stovetop pot for this recipe. You also need to have warmed serving dishes ready.

Warm your pot over a medium heat and chuck in half the butter. Lob in your onion and celery and cook gently until soft stirring occasionally.

Now pour in your beer, add the herbs and juniper berries, turn up the heat and bring to a simmer.

Gently lower in your fish fillets, in a single layer, don't worry if they overlap. Bring back to a simmer and poach gently for 4-5 minutes, dependent on the thickness of your fish.

Using a fish slice, carefully remove the fish fillets onto your warmed plates and cover with foil.

Whack up the heat and reduce the volume of liquid in your pot by a good half. Add the remaining butter to the beer, stirring vigorously until it's dissolved to make a sauce. Season well with salt and pepper then strain into a jug before pouring over the fish.

BEHIND THE SCENES AT THE MUSEUM

numbers by up to 93%, attracting a wider range of species at the same time. The Brontës were heavily inspired by the natural world around them – and especially by the local landscapes we know and love today. It wasn't just stormy moorland scenes that made their way into the sisters' writing either; a deep appreciation and knowledge of animals, plants, and landscapes alike is clear throughout their work. We're planning on giving our corner of wilderness a helping hand this summer, making sure the flowers there can thrive. Watch out for a path and perhaps a bench too – a spot for anyone to sit and enjoy the wildlife buzzing and blooming. Speaking of planting, our gardening volunteer team has been hard at work in the Parsonage Garden and we're excited to be using our own compost. This is great news for two reasons – first, because we're helping to stop compostable food and garden waste going to landfill, and second, because we're not relying on shop-bought compost which comes in difficult-to-recycle plastic bags. The gardening team has also installed a second water butt, made from a reclaimed wooden barrel. It's another win for sustainability – and a nod to gardening practices used when the Brontës lived here in the 1800s. We think the sisters would approve! Visit the Museum every day of the week this summer, except Tuesdays. Local rates are £7.50, children are free, and once you've bought a ticket you can come again for 12 months at no extra cost. Head to bronte.co.uk/visit-us to find out more.

It feels like the world has burst into life in Haworth! June's the month for colour, fresh summer scents, and bird song – and here at the Brontë Parsonage we're embracing the change with a few green initiatives... You might have noticed a patch of land on Church Street, next to the Old School Room. At first glance, it's overgrown and unkempt – but believe us when we say it's deliberate! Leaving an area to grow as it likes creates a haven for wildlife, encouraging flowers to bloom and long grasses to grow. These habitats are a safe spot for beetles and birds – not to mention pollinators, like bees and butterflies. In fact, creating a wilderness corner has been shown to increase butterfly

YORKSHIRE
LOFT LADDERS

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
