As our routines settle into a new season, sweater weather prevails, logs are stacked, coal stores filled and larders are prepared for winter ahead.

We are mindful of the challenges that many face with increasing energy bills and a significant rise in the cost of living. The Worth Valley community recently came together to consider ways to alleviate the concerns of residents and offer solutions. Please read more on page 14 and contact your Ward Officer, Sally Teasdale, sally.teasdale@bradford.gov.uk to get specific advice and support if needed.

On a more positive note, there are many free local events and happenings to enjoy this month. Haworth hosts another Steampunk weekend and Haunted Halloween. The Keighley Arts and Film Festival is also well worth a visit.

Have a lovely October! Liz

Roast cauliflower

This easy recipe is a healthy alternative to cauliflower cheese and adds interest to any meal as a side dish. You can spice it up by substituting the olive oil with chili oil, or turn up the citrus vibe with lemon oil. The beauty of cauliflower is its ability to carry seasonings and the roasting further intensifies flavours. Enjoy!

Ingredients

- 1 small head cauliflower
- 1 ½ teaspoons fennel seeds
- 1 ½ teaspoons smoked paprika
- 1 ¼ teaspoons sea salt
- ½ teaspoon ground black pepper
- ½ teaspoon garlic powder
- 2 tablespoons olive oil
- ½ lemon, juiced
- Optional Garnish: sesame seeds and parsley

Method

- Step 1**
Preheat the oven to 375 degrees F (190 degrees C).
- Step 2**
Trim large leaves off cauliflower. Trim stalk so cauliflower can sit flat in a Dutch oven.
- Step 3**
Grind fennel seeds with a mortar and pestle. Mix in smoked paprika, salt, pepper, and garlic powder. Whisk in olive oil to form a paste. Rub the paste all over the cauliflower. Drizzle lemon juice all over.
- Step 4**
Bake in the preheated oven, covered, until tender, about 35 minutes. Uncover and baste with any juices that have pooled at the base. Continue baking, uncovered, until top is browned and center feels completely tender when pierced with a paring knife, about 20 minutes. Garnish and serve.

To advertise call us on 01535 642227

Contact Nina: 07732854983
Visiting Haworth? You can play too!

The Brontë Parsonage Behind the scenes at the Museum

The mists in the churchyard and the smell of fire smoke in the air are firm signals that autumn is here, but although the days are gradually getting shorter and the cooler temperatures mean we all need to wear a few more layers in the Museum, things are no less busy at the Parsonage.

Charlotte, Emily and Anne Brontë were all accomplished poets as well as novelists and so it is very fitting that we will be participating in **National Poetry Day on Thursday 6 October**. We'll be joined by poet **Winston Plowes** and his **Random Poetry Generating Bicycle**, so if you would like to create your own be-spoke(!) poem, to celebrate National Poetry Day, we'd love to see you between 11am and 3pm.

'Emily', the new film about Emily Brontë written and directed by actress Frances O'Connor, received rave reviews following its recent screening at the Toronto International Film Festival and the team at the Parsonage can't wait to see it. We hosted a visit by the cast before filming commenced last year and are thrilled that Frances will be a guest in our **Brontë Lounge on Thursday 13 October**, the day before the film's general release. Tickets for this special online event can be booked via www.bronte.org.uk/whats-on.

While it feels like the start of the school term has only just passed, October half-term will be on us before we know it! Our **Wild Wednesday on 26 October** will include a family craft workshop and a talk on how Halloween was celebrated in the Victorian era. And following on from the success of our linoprinting workshop at Emily Brontë's birthday weekend, **Becky from Cut and Curve** will return with a workshop on a Gothic theme on **Saturday 29 October**. Our last workshop sold out, so don't leave

booking until the last minute!

Did you know that our collections include over one hundred items of Brontë jewellery? On **Friday 4 November**, our Curator Sarah Laycock will lead a special **Parsonage Unwrapped** event after hours in our Library, offering the chance to look at some of these treasures up close and learn more about them. Tickets are strictly limited, so please book early to be sure of a place.

That's all for this time. **Don't forget that residents of BD20, BD21 and BD22 can visit the Museum at a concessionary rate**, so please sign up to the mailing list via www.bronte.org.uk to keep up to date with the latest news and come and see us soon.

newsholmemanor

On an evening in September, residents in Worth Valley met to share ideas and discuss any concerns about how they could support one another when/if the possible food and fuel crisis begins to affect their local neighbourhood.

This event was facilitated by the Local Church Ministers, Rev's Peter Mullins and Chris Upton, with support from the Social Prescriber, Ward Officer and Assistant Ward Officer. It was an interactive workshop, inviting residents to contribute their ideas, tips and concerns. There were also demos of a hay-box and thermos and how they can be used to efficiently cook meals!

Ideas were collected and a working group will look to progress some of these. The working group will be a way to network, share experiences, good practice and lessons learned, besides joined up working to bring people and partners together.

Suggestions included: • Communal warm spaces and co-working spaces • Building on and promoting food banks and the work of partners • Sharing unwanted food • Knitting for others including babies • Clothes swap events. General tips included: batch cooking, layering up on clothes and heating one room.

If you weren't able to attend the event and would like to get involved, or for more information, contact Assistant Ward Officer Sally Teasdale on sally.teasdale@bradford.gov.uk

Discover your SMILE again

Who are we?

Our Keighley Denture Expert is Joseph O'Reilly (Dip CDT RCS)

Joseph qualified from Leeds Dental Institute as a dental technician and continued to do work for some of the UK's best surgeons. Through his constant passion for his work, he then enrolled for the prestigious Clinical Dental course at the School of Dentistry University of Central Lancashire in Preston. During this time, despite his tender years, his determination and focus pushed him to be recognised as one of the youngest qualified clinical technicians in the UK being awarded a Diploma from the Royal College of Surgeons Edinburgh. Joseph has a passion for the industry, his eye for detail and careful planning ensures only the best results, giving his patients peace of mind and great clinical results. He has now been creating smiles for over 18 years He is currently working closely with Taylored Dental Care in Keighley. Assessing patients who have had problems with their dentures and providing them with options to correct these.

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, you don't have to suffer badly designed or ill fitting dentures anymore.

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake,

Joseph creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face. He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Joseph will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Joe is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Joseph's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

Everybody has the right to smile!

Denture Problems Look no further...

*Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?*

**£50 OFF
VOUCHER**

With our clinical denture expert Joseph O'Reilly who has restored thousands of smiles - you're sure to feel more confident and be you again.

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back,
I never imagined I could smile like this.
Thank you My Denture Clinic"*

TeethXpress in a day

Eat and smile again with confidence

Millions of people are missing one or multiple teeth, requiring the use of removable dentures or bridgework. Many people struggle with loose fitting teeth. If you have this problem you already know the embarrassment of eating and smiling in public. TeethXpress can restore the ability to eat your favourite foods and to smile again!

 **EFFICIENT ELECTRICS** 

www.efficientelectrics.expert

Now that the little (and not so little ones) have returned to school and University, we revert to running trains just at weekends and for special events. We take the opportunity of this “down” time to work on the Railway’s infrastructure, and several maintenance tasks are undertaken for a full week after summer running ends. This year has seen track re-laid at Ingrow, re-sleeping at Haworth and other important projects completed that are all vital to keep the Railway operating. Dozens of volunteers devote their time to our “Civil week”, which is typical of the behind-the-scenes activities critical to keeping the Railway’s wheels turning. Another is the work that goes on to maintain and restore the locomotive and carriage fleet, and with locomotives having a maximum operating period of a little over ten years – and a typical overhaul costing over £250k – careful financial and project planning is vital to ensure that we have the right size of the operational fleet.

One of the reasons for so much activity at this time of year is to prepare the Railway for the next round of events in the calendar and in particular, the Beer and Music Festival and then Christmas time.

The Beer and Music Festival (Thursday 13th to Sunday 16th October) sees us welcoming over 160 beers to our various bars up and down the line (and on the line as we convey two real-ale bars on board during the event) during the weekend. If real ale isn’t your thing, there are gin and cider bars and soft drinks available to whet your whistle whilst you enjoy the live music performances. We have opened advance bookings, and tickets are selling quickly, so please book soon to avoid disappointment.

And then we have Christmas. We are very excited to be able to welcome Santa back on board the trains, and this year are running our “Elf Explorer” services in the run-up to Christmas. Our Santa trains are always very popular, and this year is no different, with well over half the tickets sold already. I know that for my family travelling on the Santa trains is an important part of our Christmas celebrations, and if you’re the same, then I would make your booking sooner rather than later.

In the meantime, get in touch with the office if you want to join our team of over 700 volunteers and be part of the group that keeps an important bit of history alive on your doorstep.

Focus on: **Osteoporosis**

by David Hanson, Haworth Physio

Osteoporosis is a health condition that weakens bones, making them fragile and more likely to break. It develops slowly over many years and is often only diagnosed when a fall or sudden impact causes a bone to fracture.

The most common injuries in people with osteoporosis are:
• broken wrist • broken hip • broken spinal bones (vertebrae)

Osteoporosis is not usually painful until a bone is broken, but broken bones in the spine are a common cause of long-term pain.

Who's affected by osteoporosis?

Osteoporosis affects over 3 million people in the UK. More than 500,000 people receive hospital treatment for fragility fractures (bones that break after falling from standing height or less) every year as a result of osteoporosis.

Causes of osteoporosis

Losing bone density is a normal part of ageing, but some people lose bone much faster than normal. This can lead to osteoporosis and an increased risk of broken bones.

Women also lose bone rapidly in the first few years after the menopause. Women are more at risk of osteoporosis than men, particularly if the menopause begins early (before the age of 45) or they have had their ovaries removed.

However, osteoporosis can affect men, younger women and children.

Many other factors can also increase the risk of developing osteoporosis, including:

- taking high-dose steroid tablets for more than 3 months
- a family history of osteoporosis - particularly a hip fracture in a parent
- long-term use of certain medicines that can affect bone strength or hormone levels, such as anti-oestrogen tablets that many women take after breast cancer

Normal Osteoporosis

- having or having had an eating disorder such as anorexia or bulimia
- not taking regular exercise
- heavy drinking and smoking.

Preventing osteoporosis

If you're at risk of developing osteoporosis, you should take steps to help keep your bones healthy. This may include:

- taking regular exercise to keep your bones as strong as possible. Weight-bearing exercise and resistance exercise are particularly important at improving bone density and helping to prevent osteoporosis.

- eating healthy - including foods rich in calcium and vitamin D
- taking a daily supplement containing 10 micrograms of vitamin D
- making lifestyle changes - such as giving up smoking and reducing your alcohol consumption.

Weight bearing exercises are exercises where your feet and legs support your weight.

High-impact weight-bearing exercises, such as running, skipping, dancing and aerobics are all useful ways to strengthen your muscles, ligaments and joints and to maintain and improve bone density. Swimming and cycling therefore DO NOT come into this category.

When possible, get some sun! Moderate levels of unprotected sun exposure can be healthy and very helpful in boosting vitamin D.

QUALITY INTEGRITY
VALUE
YORKSHIRE
LOFT LADDERS

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
